GENERAL SERVICE INFORMATION

1. Effective Date: December 1, 2015. All prices listed are per sample and subject to review.

2. All analyses are performed in accordance with "Standard Methods for the Examination of Water and Wastewater," 20th Edition, 1998 or most recent approved and/or EPA "Manual of Methods for Chemical Analysis of Water and Wastes," 1983 and the "3rd Edition of Solid Waste Manual SW 846."

3. Prices include a 10 percent charge added to the analyses cost to maintain the normal quality assurance program.

4. Standard turn-around time is considered 15 business days for most testing. Priority is half of the standard time. Customer requiring PRIORITY turn-around time will be billed at one and one-half (1 ½) times the routine rate.
   Customer requiring RUSH turn-around time will be billed at two times the normal rate. It is recommended to call in advance of sample submission or inquire at the time of submission for estimated turn-around time.

5. The Laboratory will follow instructions as stated on the Chain-of-Custody submitted with samples. The Customer may be contacted by the lab representative on any variance issues and written instruction may be requested concerning the variance.

6. For EPA624 VOC 3 day analysis, do not lower the pH of the sample.

7. Sampling supplies will be provided upon request at a reasonable charge. Bacteriological sampling supplies are included in the cost of analyses.

8. Samples should be delivered to the laboratory before 4:00 p.m. on weekdays. Samples cannot be accepted on weekends or holidays unless special arrangements are made in advance. Bacteriological samples should be delivered prior to 2:00 p.m. unless special arrangements are made in advance. For after-hour samples, please call and arrange for leaving in cold storage vault with analyses request form.

9. A monthly invoice for completed analyses is mailed the following month.

10. Laboratory hours are weekdays 7:00 a.m. to 4:30 p.m. To contact the lab about emergency samples use the number below.

11. Environmental Field, Engineering Field and Pretreatment Services office hours are Monday through Friday, 8:00 a.m. to 5:00 p.m. For after-hour emergencies, leave message with computer operator.

12. Environmental Field and Engineering Field Services are requested to be scheduled a minimum of 72 hours in advance.

13. Laboratory Certificate Number T104704287-10-2.
