

## **TOWN OF ADDISON**

### **CITY MANAGER PROPOSED FY2021 ANNUAL BUDGET**

**Filed with the City Secretary  
July 31, 2020**

This budget will raise more total property taxes than last year's budget by \$1,506,858, or 5.6 percent, and of that amount \$713,469 is tax revenue to be raised from new property added to the tax roll this year.

*The above statement is required by Section 102.005(b), Loc. Gov. Code.*

July 31, 2020

Honorable Mayor and Members of the City Council,

I am pleased to present the fiscal year 2021 proposed budget for the Town of Addison. It has been prepared in conformance with the requirements of the Town Charter, Town financial policies, and State law. This budget represents the expected revenues and planned expenditures for the Town's fiscal year from October 1, 2020 to September 30, 2021.

This budget allocates resources in alignment with the City Council's Strategic Pillars and fiscal year 2021 priority milestones. The proposed budget conforms with our practice of providing our Town employees with the resources required to deliver the excellent municipal services expected by Addison residents and businesses. This budget continues to maintain the conservative fiscal approach that has allowed Addison to achieve our sound financial position and stellar bond ratings (AAA from Standard and Poor's (S&P) and Aaa from Moody's).

Over the past several years, the Town has been building momentum to position itself to take advantage of some special growth opportunities, while balancing the need to care for the existing community. That momentum has been lining up well with the continued unprecedented growth in the North Texas region. However, the recent COVID-19 pandemic has introduced a measure of economic uncertainty that has the potential to slow that momentum. Despite this new uncertainty, the Town of Addison remains well-positioned for future prosperity.

Fortunately, as a community, we have been proactive and strategic in planning how to address the significant issues that will impact the Town's future. This budget allows the Town to continue to execute on the plans in place to address:

- How to attract and capitalize on new development opportunities;
- How we fund and revitalize our infrastructure and facilities;
- How we attract, train, and retain talented and effective staff; and
- How we continually improve the way we do business and the services we provide so that Addison remains a vibrant and attractive place to live, work, and play.

While we are not immune to the current COVID-19-related economic shock, our proactive and strategic actions have prepared the Town to weather the storm and to take advantage of opportunities that present themselves. However, we do anticipate a challenging economic recovery that is anticipated to last between 18 and 36 months.

In preparing the fiscal year 2021 budget, staff has not only had to navigate the impacts of the new *Texas Property Tax Reform and Transparency Act* (the property tax revenue cap law that was passed during the last legislative session), but staff has also had to prepare a budget without the benefit of receiving the certified tax roll from the Dallas Central Appraisal District (DCAD). Due to an increase in the number of property tax value protests and operational disruptions related to the COVID-19 pandemic, DCAD was unable to certify the final tax roll prior to the submittal of my proposed budget. In lieu of the certified tax roll, DCAD instead provided the Town with a certified estimate, which impacts how the FY2021 assessed property tax values and tax rate are presented in relation to the proposed budget. An explanation of this impact is provided in the *Property Values* and *Tax Rate* sections that follow.

### Ongoing Big Issues

#### *Infrastructure Planning & Maintenance*

The fiscal year 2021 budget continues the progress the Town has made in using the comprehensive Asset Management Plan to make informed decisions about how to invest our resources to address our infrastructure needs now and in the future. In fiscal year 2020, Council adopted an Asset Management Policy for the Town, which established the scope and framework for the Asset Management Plan. Using this policy as a guide, the Town continues to provide funding to support critical maintenance and infrastructure needs. To remain proactive in addressing these needs, the Town continues to improve upon the Capital Improvement Program (CIP) Budget, which includes \$37,222,100 in infrastructure and maintenance projects for fiscal year 2021. The fiscal year 2021 budget also includes several bond-funded projects that were approved by voters as part of the November 2019 Bond Election. Information from the Asset Management System was used to inform the Community Bond Advisory Committee's recommendations related to the bond projects.

#### *Adjustments and Recovery*

This budget includes the effort to adjust and recover from the COVID-19 pandemic. As an effect of the pandemic, Town operations were adjusted to meet the standards of the laws and policies adopted by both the State and County governments. As a result, the fiscal year 2020 budget was adjusted to reflect the changes such as the special events cancellations, conference cancellations, and a decrease in sales tax from businesses. The Town continues to implement the necessary changes to ensure a safe and prosperous recovery, such as reductions in budgeted revenues and expenditures across multiple funds, a decrease of 10% in anticipated sales tax revenue, and a 25% decrease in anticipated hotel occupancy tax revenue compared to the fiscal year 2020 budget.

#### *Continuous Improvement*

This budget supports our ongoing efforts to improve the way we deliver services to our residents and businesses in Addison. We continue to review how we operate and look for areas for improvement. I would like to highlight just a few of the continuous improvement efforts that are funded in the proposed budget:

- Focus on the implementation of the Asset Management Policy and related tools such as the Computerized Maintenance Management System (CMMS) and Infrastructure Reinvestment Intelligence System (IRIS).
- Fully utilize and optimize the MUNIS Enterprise Resource Planning (ERP) system to improve efficiency and internal controls.
- Continue to make improvements to comply with the Americans with Disabilities Act (ADA) and implement strategies from the Parks, Recreation, and Open-Space Master Plan, including improvements to Celestial Park.
- Implement Asset Management Financial Strategies and incorporate these into the Long-Term Financial Planning Model.

### Property Values

The certified estimate of taxable value for fiscal year 2021 equals \$4,311,612,866, which equates to a decrease of approximately \$508 million or 10.5% from the previous year. It is important to note that this is an estimate from the Dallas Central Appraisal District (DCAD), and we anticipate the final certified values to be closer to \$4.9 billion, a slight increase from the previous year. The reason DCAD provided the Town with a certified estimate instead of a final certified tax roll is because the property value protest process was not substantially complete in time to certify the property tax appraisal records. This means that the amount of properties still under review was more than 10% of the total appraised value of the Town. At the time the certified estimate was provided, approximately 33% of the total taxable value of all properties in Addison were still under protest. According to the appraisal district, the primary reasons so many properties are still under protest are because notices were sent out two weeks later than normal due to the COVID-19 pandemic, and there were over twenty-two thousand more protests than the prior year.

When formulating a certified estimate, the appraisal district is required, by law, to use the lesser of the appraisal district's opinion of value or the property owner's opinion of value. In this case, the property owner's opinion of value for the properties still under protest in Addison is \$875 million, which is \$825 million less than the appraisal district's opinion of value of \$1.7 billion for the same properties. For this reason, the certified estimate is far below the taxable values from last fiscal year. According to the appraisal district, the Town can expect approximately 80% to 85% of their estimate of \$1.7 billion to be upheld, which would result in certified property values of approximately \$4.9 billion.

By law, if a certified estimate is provided, the final certified values are required to be delivered to the taxing entity by August 30<sup>th</sup>, but we anticipate receiving them by August 20<sup>th</sup>. This situation is not unique to Addison and is affecting all taxing entities located in Dallas County. While property values are anticipated to increase over fiscal year 2020's valuations, the increased number of property tax protests on commercial properties in Addison has slowed the rate of growth. The average taxable value for a single-family home in Addison is \$336,539, an increase of approximately \$7,298 or 2.2% from the previous year.

## Tax Rate

By law, tax calculations from the Dallas County Tax Office are required to use the certified estimate of \$4.3 billion in appraised value to calculate a tax rate in the absence of a certified tax roll. For this reason, the “official” voter-approval tax rate is shown as \$0.701933, and the “official” no-new revenue tax rate is \$0.637851.

For purposes of this budget proposal, the proposed tax rate is based on estimated taxable values of \$4.9 billion, rather than the \$4.3 billion provided in DCAD’s certified estimate. The proposed fiscal year 2021 budget increases the Town’s tax rate to \$0.610367. Using estimated taxable values of \$4.9 billion, the calculated voter-approval tax rate is estimated to be \$0.636414, with an estimated no-new revenue tax rate of \$0.601684. The proposed tax rate exceeds the estimated no-new revenue rate by \$0.008683, or 1.44%.

Of the total tax rate, \$0.442800 is dedicated to maintenance and operations, and \$0.167567 is dedicated to debt service payments, which are increasing as a result of the planned issuance of General Obligation Bonds that were approved by voters in the 2019 Bond Election.

It is important to note that the Town’s no-new revenue tax rate for fiscal year 2021 (the rate that is required to raise the same amount of revenue on the same properties as the previous year) is higher than the Town’s adopted tax rate of \$0.583500 for fiscal year 2020.

The proposed tax rate allows the Town to continue to provide the excellent services that residents and businesses expect.

At a property tax rate of \$0.610367, the municipal tax paid on the average single-family home will be approximately \$2,054.12 on an annual basis, an increase of \$133.00 over the previous year.

## **GENERAL FUND**

The General Fund accounts for all expenditures for traditional government services (Public Safety, Parks & Recreation, Administration, etc.). General Fund revenue is generated from ad valorem property taxes, a one-cent portion of the sales tax, and a variety of fees for services.

General Fund revenues total approximately \$38.7 million for fiscal year 2021, a decrease of 1.0% from last year. We project property tax revenues of approximately \$19.3 million, an increase of approximately 2.7% over the previous year’s budgeted amount and sales tax revenues of approximately \$12.3 million, 10% less than fiscal year 2020 as the Town anticipates the lingering economic impact of COVID-19.

General Fund operating expenditures are estimated at \$38.7 million, reflecting a 1.0% decrease from the fiscal year 2020 budget. The available ending fund balance for the General Fund is

projected to be approximately \$17.7 million, leaving 45.9% of operating reserves, which exceeds both the Town's policy of 25% and the City Council's goal of 30%.

This budget proposes to fund the following in the General Fund:

- Two additional Street Maintenance Workers to perform residential brush and bulk collection – 2.0 Full Time Equivalent or FTE positions

This budget proposes the reallocation of 2.4 FTE from the General Fund to the Airport Fund (1.2 FTE) and the Utility Fund (1.2 FTE) to better align with their job functions and duties. Additionally, this budget includes funding to cover an anticipated 5% increase in the Town's group medical insurance premiums.

It is important to note that General Fund expected revenues exceed planned expenditures by approximately \$40,000. The proposed property tax revenue equates to a 2% increase on existing properties over the prior fiscal year.

This budget currently does not propose funds for employee merit increases. In surveying our comparator cities, five of the thirteen cities are planning to provide a compensation increase of some type. The remaining eight cities are not planning to provide compensation increases. While I support providing some type of compensation increase in order to maintain the Town's compensation philosophy to pay better than the average of our comparator cities, I think it is prudent to discuss this topic with the City Council before it is included in the proposed budget. The discussion will allow Council the opportunity to explore adopting a tax rate that would generate more property tax revenue than the proposed tax rate, while not increasing property tax revenues more than 3.5%.

## **HOTEL FUND**

The Hotel Fund collects funds from a 7% tax on hotel rooms rented in the Town of Addison. These funds are used to support projects that enhance and promote tourism, the arts, and the convention/hotel industry in Addison. The Hotel Fund has been the fund that has experienced the greatest financial impact as a result of the COVID-19 pandemic.

Fund revenues for fiscal year 2021 are expected to total \$5.3 million, a decrease of approximately \$2.2 million, or 29.5%, with budgeted operational expenditures of approximately \$5.4 million. This budget proposes to utilize approximately \$100,000 from the fund balance for special events in fiscal year 2021. The available ending fund balance for the Hotel Fund is projected to be \$1.8 million, leaving 33.1% of operating reserves, which exceeds the Town's policy of 25%.

The Hotel Fund budget includes the costs associated with the Performing Arts Department. The remaining expenditures in the Performing Arts Department are the grant to the WaterTower Theatre, which is budgeted to decrease 25%, and the grant to Outcry Theatre.

Due to the massive decrease in hotel occupancy taxes in fiscal year 2020 related to COVID-19, several cost-cutting measures were taken in order to stabilize the Hotel Fund. These measures included:

- Cancellation of major special events such as Taste of Addison and Oktoberfest and a scaled-back KaboomTown! event with remote fireworks broadcast for public viewing.
- Closure of the Addison Conference Centre in March and furlough of the seven Conference Centre employees.
- Furlough of one Special Events employee.

Given the current environment, this budget proposes that the Addison Conference Centre would remain closed for the entirety of fiscal year 2021 in order to provide the Hotel Fund time to recover from the loss of hotel occupancy taxes that are a result of the effects of COVID-19. During its closure, Town staff will develop a plan to reopen the facility at a point in the future when the market for meetings and events returns to a more normal state. As a result of this proposal, eight FTE's would be eliminated from this fund. These FTEs include one vacant position, one active employee, and six employees that are currently furloughed. This means all of these valued team members would no longer be employed by the Town as of October 1, 2020.

## **UTILITY FUND**

The Utility Fund is supported by fees charged to water and sewer customers that pay for the services they receive from the Town. As a business-type fund, the revenues charged should at a minimum cover the fund's operating expenses and debt service, as well as any other policy-related goals defined by the City Council (i.e. funding for capital projects, capital replacement, conservation efforts, etc.).

In January 2018, the City Council approved a Utility Rate Policy to adopt utility rates that fully fund a short-term staffing plan and provide a mix of cash and bond funding for capital improvement projects. The fiscal year 2021 adjustments, effective October 1, 2020, will include an increase of 6% to water and sewer rates, which equates to \$3.37 per month for an average residential user of 5,000 gallons of water. Future increases to water and sewer rates included in the policy are reflected below:

- October 2021: 2.5%
- October 2022: 5%
- October 2023: 3.5%

Staff continues to review the utility rate model on an annual basis to ensure the rate adjustments are in line with the needs identified in the rate model adopted by the City Council.

The budget for fiscal year 2021 proposes the final position identified in the short-term staffing plan in the utility rate model and the allocation of a portion of four existing positions to better align with their job functions and duties as follows:

- A Water Quality Utility Supervisor – (1.0 FTE) position
- Partial allocation of one Deputy City Manager – (.3 FTE) position
- Partial allocation of Controller – (.3 FTE) position
- Partial allocation of one Accounting Specialist – (.3 FTE) position
- Partial allocation of Human Resources Analyst – (.3 FTE) position

The total Utility Fund revenues for fiscal year 2021 are expected to be approximately \$14 million, with budgeted operational expenses of \$13.9 million. The available ending working capital for the Utility Fund is projected to be \$4.5 million. The projected end-of-year working capital will maintain 32.6% of operating reserves, which exceeds the Town's policy of 25%.

Notable items in the Utility Fund this year include:

- Increases in water and sewer rates of approximately 6% or \$3.37 per month for an average residential user of 5,000 gallons of water.
- \$200,000 for design and construction engineering standards upgrade to update the current outdated engineering design guidelines.
- \$100,000 for a risk and resilience assessment and emergency response plan to protect the Town's water supply from natural disasters and manmade threats.
- \$50,000 to update engineering monuments and control points to reestablish a high degree of accuracy in the quality of design in construction plans.

A total of \$5 million in capital projects are proposed in the Utility Fund for fiscal year 2021. These projects are funded through a combination of authorized bond funds (\$4.8 million) and cash (\$0.2 million) from the Utility Fund. A list of projects can be found in the Capital Improvements Program budget submitted for City Council consideration.

## **STORMWATER FUND**

The Stormwater Fund is supported by drainage fees added to utility bills. The projected revenues for fiscal year 2021 are \$2.5 million, with budgeted operational expenses totaling \$1.3 million. The available ending working capital for the Stormwater Fund is projected to be \$6.1 million, leaving 473.1% of operating expenses, which exceeds the Town's policy of 25%.

Fees for the Stormwater Fund will increase this year 4.5% for each customer rate class. This is in keeping with the Council-approved rate schedule instituted when the Council adopted the stormwater fee in September 2013.

A total of \$2.8 million in capital projects are proposed in the Stormwater Fund for fiscal year 2021. These projects are funded through a combination of authorized bond funds and cash from the Stormwater Fund. The most significant items include:

- \$2,790,000 in funding for Stormwater Assessment Improvements (\$2.3 million in cash and \$0.5 million in bond funds).

### **ECONOMIC DEVELOPMENT FUND**

The Economic Development Fund is supported by a combination of the following revenue sources:

- An allocation of a portion of the property tax rate equal to \$0.023716 (\$1.1 million)
- A transfer from the Hotel Fund to cover the Tourism Department activities (\$384,000)
- Service fees, interest, and other income (\$108,000)

Total revenues for fiscal year 2021 are estimated at \$1.6 million. From fiscal year 2015-2019, the Hotel Fund transferred a total of approximately \$400k in funds to support tourism activities that have not yet been expended. This budget proposes to utilize these funds to support tourism activities, including hotel support programs and advertising while reducing the transfer from the Hotel Fund in order to allow that fund more time to recover from the impact of COVID-19. These revenue sources, when coupled with previously unutilized funds transferred from the Hotel Fund, allow for budgeted operating expenditures of \$2 million.

### **AIRPORT FUND**

The Airport Fund mainly receives revenues from rental income on Town-owned property and service fees to airport customers. Total projected revenues of approximately \$5.2 million in fiscal year 2021 will allow for budgeted operational expenses of approximately \$5 million. The available ending working capital for the Airport Fund is projected to be \$3.6 million, leaving 71.1% of operating expenses, which exceeds the Town's policy of 25%.

In addition, the Town has decided that beginning in Fiscal Year 2021, the Airport's employees, who were previously employed by a management company, will now be employed by the Town. This results in the addition of the following 14.0 FTE positions:

- Airport Director – 1.0 FTE position
- Airport Assistant Director – 2.0 FTE position
- Airport Maintenance Manager - 1.0 FTE position
- Airport Operations Manager - 1.0 FTE position
- Department Assistant - 1.0 FTE position
- Airport Maintenance Technician III - 1.0 FTE position
- Airport Maintenance Technician II - 3.0 FTE positions
- Janitorial and Light Maintenance Worker - 1.0 FTE position
- Asset Manager - 1.0 FTE position
- Leasing Manager - 1.0 FTE position
- Airport Accounting Manager - 1.0 FTE position

This budget also includes the partial reallocation of the following personnel to the Airport Fund to better align with their duties:

- Partial allocation of one Deputy City Manager – 0.3 FTE position
- Partial allocation of Senior Accountant – 0.3 FTE position
- Partial allocation of one Accounting Specialist – 0.3 FTE position
- Partial allocation of Human Resources Analyst – 0.3 FTE position

A total of \$3.3 million in capital projects are proposed in the Airport Fund for fiscal year 2021. These projects are funded through a combination of authorized bond funds, grant funding, and cash from the Airport Fund. The most significant items include:

- \$2,640,411 to continue to fund construction of a new airport customs facility (\$1.6 million in cash, \$475,000 in bond funds, and \$600,000 in grant funding).
- \$427,000 in general facility repairs and improvements (all cash reserves; a description of the projects is contained in the fiscal year 2021 capital improvement budget).
- \$200,000 to fund the design of Bravo/Golf Taxiway improvements (\$20,000 in cash and \$180,000 in grant funding).

### **INFRASTRUCTURE INVESTMENT FUND (IIF)**

The Infrastructure Investment Fund (IIF) was created in fiscal year 2015 through a \$4 million transfer from General Fund reserves. The intent of this fund is to cash finance infrastructure projects. Annually, a portion of the property tax rate equal to \$0.006201 is deposited into this fund. In fiscal year 2021, \$288,985 is scheduled to be generated by the IIF portion of the tax rate.

### **CAPITAL IMPROVEMENT BUDGET**

The proposed Capital Improvement Program (CIP) budget for fiscal year 2021 is approximately \$37.2 million. Projects are funded by a combination of authorized bond funds, grant funding, and cash contributions. The CIP budget provides an all funds view of the Town's planned capital improvement expenditures on public infrastructure and facilities over the next five years.

For more information related to these capital projects, please reference the fiscal year 2021 CIP budget also submitted to the City Council for consideration.

### **SELF-FUNDED SPECIAL PROJECT FUND**

The purpose of the Self-Funded Special Project Fund is to cash fund important one-time projects. The dollars for these one-time projects are intended to come from the savings from previous fiscal years that flow through the General Fund's fund balance along with contributions from other funds when the project will service multiple funds. For fiscal year 2021, I am proposing that \$463,950 be transferred from cash reserves above the 30% fund balance Council goal for the General Fund to this fund. Major expenditures in this fund in fiscal year 2021 include:

- \$102,500 to fund improvements at Celestial Park.
- \$27,500 to fund security improvements for neighborhoods on the east side of Addison.
- \$30,000 to purchase ballistic gear.

- \$140,000 to continue the special area studies for future land use in relation to the Town Comprehensive Plan.
- \$318,000 for the Addison Circle transportation-oriented development for the future DART Silver Line and around the Addison Transit Center Station.

## **CONCLUSION**

This completes the highlights of the fiscal year 2021 budget. I believe this budget balances the desire to continue to deliver high-quality services with the need to address issues that are important to the future of Addison.

I would like to thank the department directors who have put much time and expertise into the development of the budget. The creation of this budget would not have been possible without the hard work of Chief Financial Officer Steven Glickman, Budget Manager Kristen Solares, Controller Amanda Turner, and the rest of our Finance Department. In addition, I would like to give a special thanks to all the Town employees who continue to work hard to provide quality services to our residents and businesses in the Addison Way.

Respectfully submitted,

Wesley S. Pierson  
City Manager

**TOWN OF ADDISON  
CITY MANAGER PROPOSED FY2021 BUDGET SUMMARY**

The following is a summary of the Fiscal Year (FY) 2020 – 2021 proposed annual budget of the Town of Addison that was submitted to the City Secretary on July 31, 2020.

- **The total budget appropriates approximately \$78.3 million for operations and \$37.2 million for capital project expenditures.** This proposed budget provides sufficient funding to tailor services to meet the needs and expectations of the community.

- **The proposed property tax rate is \$0.610367.** The City Manager is proposing a property tax rate of **\$0.610367/\$100**, which is below the FY2021 voter-approval rate of **\$0.701933/\$100**. The proposed rate is below the no-new revenue rate of **\$0.637851/\$100**. (Numbers on chart have been rounded to nearest penny.)

- **The estimate of taxable property value increased by 0.9 percent.** The estimated value for all property is approximately \$4.9 billion. The proposed rate generates a total property tax levy of \$28,646,672.

- **Revenues excluding transfers total \$77.3 million, a net decrease of \$1.4 million compared to the fiscal year 2020 budget.** Significant variations in revenue sources include:
  - Property tax revenue is projected to increase \$1.31 million due to the 0.9% increase in property values and the increase in the property tax rate.
  - Non-property tax revenue is projected to decrease \$2.87 million because of the COVID-19 pandemic.
  - Utility revenue is increasing \$840,000, a result of the cost of service rate study conducted during fiscal year 2018.

- **The total staffing (all funds) is at 298.8 FTEs** (full-time equivalent), which is an increase of 9.0 FTEs over last year. The following positions are being added in FY2021:

▪ 2.0 FTE	Street Maintenance Worker
▪ 0.5 FTE	Theatre Attendant
▪ 1.0 FTE	Airport Director
▪ 2.0 FTE	Airport Assistant Director
▪ 1.0 FTE	Airport Maintenance Manager
▪ 1.0 FTE	Airport Operations Manager
▪ 1.0 FTE	Department Assistant (Airport)
▪ 3.0 FTE	Airport Maintenance Technician III
▪ 1.0 FTE	Airport Maintenance Technician I
▪ 1.0 FTE	Janitorial and Light Maintenance Worker (Airport)
▪ 1.0 FTE	Asset Manager (Airport)
▪ 1.0 FTE	Leasing Manager (Airport)
▪ 1.0 FTE	Airport Accounting Manager
▪ <u>1.0 FTE</u>	Water Quality Supervisor
▪ 17.5 FTE	Total

- Additionally, the following positions were removed this year due to closing the Conference Centre for Fiscal Year 2021:

▪ 1.0 FTE	Conference Centre Supervisor
▪ 1.0 FTE	Conference Centre Sales Coordinator
▪ 1.0 FTE	Audio Visual Technician
▪ 1.0 FTE	Conference Centre Events Coordinator
▪ 1.0 FTE	Office Assistant
▪ 1.0 FTE	Senior Conference Centre Attendant
▪ <u>2.5 FTE</u>	Conference Centre Attendant
▪ 8.5 FTE	Total

- **The budget includes \$37.2 million for capital improvement projects.** Significant items include:

▪ Vitruvian Development Next Phase	\$3,949,504
▪ License Plate Recognition System Expansion	\$1,384,570
▪ Midway Road Reconstruction	\$10,375,861
▪ Keller Springs Reconstruction	\$4,000,000
▪ HVAC Replacements	\$1,095,000
▪ Roof Replacements	\$2,930,000
▪ Celestial Ground Storage Tank Rehabilitation	\$1,740,000
▪ Chlorine Booster Station	\$1,037,000
▪ Stormwater Assessment Basin Improvements	\$2,790,000
▪ Airport Customs Facility (Year two)	\$2,640,411

**TOWN OF ADDISON**  
**GENERAL OBLIGATION & CERTIFICATES OF OBLIGATION BOND PROJECTS**  
 FY2020-21

**PROJECT NAME:** Vitruvian Development Phase 5

**Description:** Continue build out of the planned development at Vitruvian and the associated public infrastructure. Phase 5 construction will include all of the infrastructure associated with the new development at the corner of Marsh Lane and Vitruvian Way. Elements include water, sanitary sewer, storm sewer, streetscape, sidewalks, and electrical.

**Justification:** Vitruvian development was approved in several phases. Phases 1-3, 5, and 8 have been built. The Town is responsible for the construction of the public infrastructure, and bonds were sold for these expenditures.

**GENERAL OBLIGATION & CERTIFICATES OF OBLIGATION BOND PROJECTS**  
 FY2020-21

**PROJECT NAME:** Vitruvian Development Phase 8

**Description:** Continue build out of the planned development at Vitruvian and the associated public infrastructure. Phase 8, also called block 500A, includes water, sanitary sewer, storm sewer and streetscape improvements associated with the redevelopment of the commercial area located on the corner of southeast corner of Spring Valley Road and Marsh Lane.

**Justification:** Vitruvian development was approved in several phases. Phases 1-3, 5, and 8 have been built. The Town is responsible for the construction of the public infrastructure, and bonds were sold for these expenditures.

**PROJECT NAME:** Vitruvian Development Next Phase

**Description:** Continue build out of the planned development at Vitruvian and the associated public infrastructure. In FY2020, public infrastructure construction will be the streetscape associated with Vitruvian West 2 and Vitruvian West 3. The Town is also responsible for the design and construction of a well pad for a well into Trinity Aquifer at an estimated cost of \$250,000. Phase IV, which is the extension of Bella Lane to Alpha Road, is also anticipated to start in FY2020.

**Justification:** Vitruvian development was approved in several phases. Phases 1-3, 5, and 8 have been built. The Town is responsible for the construction of the public infrastructure, and bonds were sold for these expenditures.

**TOWN OF ADDISON**  
**GENERAL OBLIGATION & CERTIFICATES OF OBLIGATION BOND PROJECTS**  
 FY2020-21

**PROJECT NAME:** Belt Line Road Phase 1.5

**Description:** Belt Line Road Phase 1.5 is the enhancement phase of the Belt Line project between Marsh and Midway. It includes landscaping, irrigation, signage, small amounts of paving, seating, litter receptacles and bus stops. The masterplan for the enhancements builds on the Addison Brand.

**Justification:** Belt Line Road is one of the main thoroughfares for the Town. It is lined by local businesses, used daily by residents and is often the primary means guests use to interact with the Town. Enhancement of this corridor could help improve economic vitality of local businesses, encourage and attract quality redevelopment, strengthen Addison's identify, improve walkability, create more user friendly bus stops and pedestrian refuge areas and identify gateways into town.

**TOWN OF ADDISON**  
**GENERAL OBLIGATION & CERTIFICATES OF OBLIGATION BOND PROJECTS**  
 FY2020-21

**PROJECT NAME:** Pedestrian Connectivity - Cotton Belt/Silver Line

**Description:** Enhancements to transit connectivity improvements between Addison and the surrounding region, including better bus connectivity to Vitruvian and rail service along the Cotton Belt corridor.

**Justification:** These improvements were identified through the Addison Circle Special Area Study as part of the Comprehensive Plan.

<b>Funding</b>	Project to Date	Est 2020	2021	2022	2023	2024	Project Total
Bond Funds	\$ -	\$ -	\$ 307,469	\$ -	\$ -	\$ -	307,469

**PROJECT NAME:** Police Records Management System

**Description:** A Records Management System (RMS) allows Addison Police Department to collect, store and access critical information gathered during the course of an incident or investigation. This system provides analytical resources for administrative, field and investigative staff. Users can quickly retrieve records and manage multiple involvements via a standardized interface, comprehensive database and superior data searching capabilities.

**Justification:** Funds for establishment of a Consolidated Dispatch and installation of a Simulcast Radio System were approved in 2012. The original RMS system was purchased in 2000 and has exhausted its useful life. In January, 2019 City Council approved a software license and services agreement for the evaluation, consultation, implementation, customization, data conversion, and configuration of "Software as a Service" for a Police Records Management System.

<b>Funding</b>	Project to Date	Est 2020	2021	2022	2023	2024	Project Total

**TOWN OF ADDISON**  
**GENERAL OBLIGATION & CERTIFICATES OF OBLIGATION BOND PROJECTS**  
 FY2020-21

**PROJECT NAME:** License Plate Recognition System Expansion

**Description:** To provide city-wide wireless applications and secure network infrastructure for video, data and voice applications for the Town's first responders and the protection of certain infrastructure areas. Typical applications are law enforcement, fire protection, medical services, intelligent traffic monitoring, and public transit systems.

**Justification:** In October, 2018, City Council approved the installation of License Plate Recognition and Optical Cameras at eight intersections, several neighborhood entrances, and two walking trails.

<b>Funding</b>	Project to Date	Est 2020	2021	2022	2023	2024	Project Total

**PROJECT NAME:** Midway Road Reconstruction

**Description:** Reconstruction of Midway Road to include replacement in kind of wet utilities, compliance with Americans with Disabilities Act (ADA) requirements, traffic signal upgrades, and sidewalk, median, and lighting improvements along with inclusion of the new Master Transportation Plan standards.

**Justification:** The roadway has failed due to heavy traffic use and water saturation to the sub-base. ADA compliance required for pedestrian ramps and pathways.

 FY2020-21

**PROJECT NAME:** Belt Line Electronic Signage

**Description:** The Town currently purchases over-the-road vinyl banners for Town announcements. These funds provide a permanent electronic signage structure on Belt Line Road for Town announcements.

**Justification:** Proposition 1 was approved by the voters in 2012. In 2018 an engineering firm was hired by the Town to do a traffic study and make recommendations. Study has been completed. As a result, an overhead sign bridge structure with the sign spanning over three lanes in each direction of Belt Line Rd was recommended to be the most aesthetically pleasing and reach the most traveling vehicles.

**PROJECT NAME:** Kellway Lift Station Rehabilitation and Repair

**Description:** Improvement projects for the Kellway Lift Station as determined through the 2017 Kellway Lift Station Assessment and Evaluation. Projects include regulatory compliance projects, electrical improvements, bypass pumping installation, pump improvements, and communication and control systems improvements. Improvements will take place over several fiscal years.

**Justification:** Assessment revealed that approximately \$2 million worth of improvements are needed at the lift station.

UTILITY CAPITAL IMPROVEMENTS PROGRAM  
FY2020-21**

**PROJECT NAME:** Utility Plant Facilities and Pumps

**Description:** Improvements to utility plant facilities that will increase the overall efficiency of the water system. Improvements will be made to pumps, motors, generators, piping and electrical panels. One pump at Surveyor Pump Station was replaced in FY2019 and a pump at Celestial Pump Station is scheduled to be replaced in FY2020.

**Justification:** Capital projects have been identified using information from assessments that were done in 2014. These improvements are needed to extend the life of the these facilities, pumps, motors, and associated equipment to ensure an adequate supply of water.

**PROJECT NAME:** Water System Improvements

**Description:** Design, replacement or rehabilitation of potable water lines as identified in the 2015 Water System Evaluation. Also includes various water quality improvements. FY2020 projects include replacing a water main at Beltway Drive and Belt Line Road and upsizing a water main at Lake Forest Drive. FY2021 projects include upsizing a water main on the northeast corner of Addison Road and Westgrove Drive, and upsizing and completing the water main loop around Excel Parkway and Addison Road.

**Justification:** The 2015 Water System Evaluation identified water lines that are in need of replacement or rehabilitation. Projects were prioritized using a comprehensive water model and based on the consequence of failure and the risk of failure. Also included are water quality related to assist the Utility division in maintaining regulatory disinfection residuals.

**TOWN OF ADDISON  
UTILITY CAPITAL IMPROVEMENTS PROGRAM  
FY2020-21**

**PROJECT NAME:** Chlorine Booster Station

**Description:** Build two Chlorine Booster Stations at Celestial and Surveyor Ground Storage Tanks. These Booster Stations will have the capability to adjust water chemistry as necessary to maintain the Town's water supply within stated requirements.

**Justification:** In the past, the Town has lacked the ability to maintain the required chlorine level in the water distribution system. The chlorine booster stations will raise chlorine levels to within the requirements for the water distribution system and maintain the system at a consistent level.

**PROJECT NAME:** Basin I Sanitary Sewer Reroute

**Description:** Design and construction on a reroute of unmetered sanitary sewer flows located in the sanitary sewer Basin I (Inwood Road area). A new sewer line will be installed to move those flows west to tie into the Midway Road area.

**Justification:** Farmers Branch has requested that Addison remedy the unmetered sanitary sewer flows that enter into Farmers Branch's system. The Town evaluated several options, and the reroute option was selected.

**PROJECT NAME:** Sherlock - Winter Park Drive Improvements

**Description:** Design and construction of a parallel stormwater pipe system located at the corner of Sherlock Drive and Winter Park Lane.

**Justification:** This project is the number one priority as identified in the 2017 City-Wide Stormwater System Drainage Assessment. The stormwater system in the area does not currently have sufficient capacity to convey the 1% (100 year) flood event. There have been two flooding incidents at this location, one that resulted in approximately \$40,000 in property damages to a home.

**STORMWATER CAPITAL IMPROVEMENTS PROGRAM**  
**FY2020-21**

**PROJECT NAME:** Vitruvian Pond Dredging

**Description:** Dredging and removal of silt located in Farmers Branch Creek as it flows through Vitruvian Park. Sediment build-up has begun to reduce the flood storage capacity in the ponds. In order to maintain the depths and the health of the pond, they will need to be dredged in 2019 with design being done in 2018.

**Justification:** Farmers Branch Creek flows through the newly developed Vitruvian Park. Active stream sections such as this require constant maintenance to promote a healthy ecosystem. This area is in need of a dredging project to remove the build up of silt. Removing this build up of silt is paramount to restore the flood capacity of the system.

**PROJECT NAME:** Runway 15/33 Redesignation and Taxiway Alpha Rejuvenation

**Description:** To reassign the runway designations as required by FAA policy and Airport Master Plan, and repair and apply surface coating for extending taxiway useful life on Alpha Taxiway.

**Justification:** Due to shift in magnetic north, airport runway designations are required to be reassigned periodically pursuant to FAA policy (see FAA Order 8260, 19E), and to extend the useful life of the airport infrastructure.

**PROJECT NAME:** East Vehicle Service Road Realignment / Reconstruction

**Description:** Realignment and reconstruction of the airport vehicle service road on the east side of Taxiway Alpha at the Southeast Quadrant Development including relocating the Fuel Farm Exit at Addison Road and other minor pavement repairs.

**Justification:** Improve land use effectiveness and replace section of old pavement to handle greater loads.

<b>Funding</b>	Project to Date	Est 2020	2021	2022	2023	2024	Project Total

AIRPORT CAPITAL IMPROVEMENTS PROGRAM  
FY2020-21**

**PROJECT NAME:** Fuel Farm Exit Lane - Reconstruct and Realign

**Description:** Realign and reconstruct the fuel farm exit lane onto Addison Road that is used by tanker trucks delivering fuel to the fuel farm. The realignment will separate the tanker truck exit from the entry to the Southeast Quadrant redevelopment, making additional land available for the redevelopment. Design is complete.

**Justification:** The project will improve the efficiency of land use, increase the ground lease area for the Southeast Quadrant redevelopment, and improve the safety and flow of tanker truck traffic onto Addison Road.

<b>Funding</b>	<b>Project to Date</b>	<b>Est 2020</b>	<b>2021</b>	<b>2022</b>	<b>2023</b>	<b>2024</b>	<b>Project Total</b>

**AIRPORT CAPITAL IMPROVEMENTS PROGRAM**  
**FY2020-21**

**PROJECT NAME:** Fuel Road Reconstruction at George Haddaway Drive

**Description:** On-airport refueler trucks currently use Taxilane Quebec to access the fuel farm; the Southeast Quadrant redevelopment will eliminate Taxilane Quebec, requiring a new route to the fuel farm for refueler trucks. George Haddaway Drive will be repurposed as the fuel farm access road and reconstructed to accommodate 5,000-gallon refueler trucks. The airfield access gate will be moved closer to Addison Road.

**Justification:** This project will maximize the Southeast Quadrant redevelopment area and improve operational safety with respect to on-airport refueler truck movements to and from the fuel farm.

**PROJECT NAME:** Aircraft Rescue Firefighting Truck

**Description:** Purchase an Aircraft Rescue Firefighting vehicle (ARFF) to replace current end of life apparatus that is nineteen years old.

**Justification:** Apparatus expected life is ten to twelve years per industry standard and FAA AC150/5220-10E Guide Specifications for Aircraft Rescue and Firefighting (ARFF) vehicles. Current apparatus is nineteen years old with annual maintenance costs over \$13,000. This vehicle is no longer in production, which causes limited availability and increased cost for replacement parts.

**PROJECT NAME:** Addison Circle Fountain Repair & Modernization

**Description:** The interactive fountain is the front door to Addison Circle Park. Currently, the fountain is not operational. At Council direction, staff has hired a consultant to develop plans for the modernization of the fountain equipment and addition of a filtration system that will meet requirements for a splash pad. Renovation costs also include required ADA improvements at the adjacent pavilion and park sidewalk.

**Justification:** Appropriate maintenance of the Town's special events infrastructure.
