February 16, 2024

Honorable Mayor and Members of the City Council  
Town of Addison, Texas

I am pleased to submit the Annual Comprehensive Financial Report of the Town of Addison, Texas for the fiscal year ended September 30, 2023. The purpose of the report is to provide the City Council, management, staff, the public, and other interested parties with detailed information reflecting the Town's financial condition.

## THE REPORT

This report satisfies §103.001 of the Texas Local Government Code requiring annual audits of all municipalities and was conducted in accordance with Section 2.15 of the Charter of the Town of Addison. Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the Town. We believe the data is accurate in all material respects and is presented in a manner that fairly sets forth the financial position of the Town. We also believe all disclosures necessary to enable the reader to gain an understanding of the Town's financial affairs have been included. To provide a reasonable basis for making these representations, management of the Town of Addison has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the Town of Addison's financial statements in conformity with Generally Accepted Accounting Principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the Town of Addison's comprehensive framework of internal controls has been designed to provide reasonable, rather than absolute, assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The Annual Comprehensive Financial Report (ACFR) is organized into three major sections: *Introductory*, *Financial*, and *Statistical*. The *Introductory Section* provides general information on the government's structure and personnel as well as information useful in assessing the government's financial condition.

The *Financial Section* contains the opinion of the Town's independent auditor. The Town of Addison's financial statements have been audited by FORVIS, LLP, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the Town of Addison for the fiscal year ended September 30, 2023 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion (i.e., clean opinion) that the Town of Addison's financial statements for the fiscal year ended September 30, 2023 are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

Also included in the *Financial Section* is management's discussion and analysis (MD&A) that provides users of the basic financial statements a narrative introduction, overview, and analysis of those statements. The basic financial statements, including the accompanying notes, represent the core of the financial section. These financial statements present the financial condition of the Town of Addison as a single entity, as well as the individual funds that account for the Town's various governmental and business-type activities.

IT ALL COMES  
TOGETHER.

The report concludes with the *Statistical Section*, which, through the use of tables, presents comparative economic and financial data to give users of the report a perspective of the Town's performance over a number of years.

### THE REPORTING ENTITY

The Town of Addison is located in the Dallas North Parkway area, which has been referred to as the "platinum corridor" of the Dallas Metroplex. The "platinum corridor," which is the area north of I-635 continuing up to Highway 121 in Frisco, developed rapidly over the past three decades, is home to affluent neighborhoods, hundreds of million-dollar companies, scores of quality restaurants, and two spacious malls. The malls, the Galleria and Stonebriar, both have over 200 stores. Additionally, the area holds the Willow Bend mall, which has over 125 stores. At 4.4 square miles, Addison is one of the smallest, yet most densely developed of the various suburbs located in the DFW Region. With just over 17,000 residents, the Town has developed into a cosmopolitan center which serves well over 125,000 business persons, shoppers, and visitors daily. Niche.com recognizes Addison as the top suburb in Texas for young professionals, and Nerdwallet.com recognizes Addison as the top community to start a business in Texas.

The Town was incorporated in 1953 and is operating under a Charter adopted in 1978 and last amended in January 2021. Under the amended Charter, the Council is comprised of a mayor and six council members who enact local legislation, determine policies, and adopt the Town's budget. The mayor and council members are elected for two-year terms with the mayor and three council members being elected each odd-numbered year and the remaining three council members elected each even-numbered year. The City Manager is appointed by the City Council and is responsible to them for the proper administration of the affairs of the Town.

The Town provides a full range of municipal services including general government, public safety (police and fire), streets, parks and recreation, planning and zoning, code enforcement, stormwater, and water and sewer utilities. Sanitation collection services are provided through private contractors; non-residential customers contract with the collection firm of their choice while single-family residential customers contract through the Town with sanitation fees added to their municipal utility bills.

The annual budget of the Town of Addison serves as the foundation for the Town's financial planning and control. The budget is prepared by the City Manager and adopted by the City Council in accordance with policies and procedures established by the Town Charter and Council ordinances. The appropriated budget is prepared and presented by fund, department (e.g. police) or function (e.g. debt service), and major cost category (e.g. personal services). All expenses of the Town are made in accordance with the adopted annual budget. The department level is the legal level of control enacted by the Town Charter. Budgetary control is maintained at the individual expenditure account level by the review of all requisitions of estimated purchase amounts prior to the release of purchase orders to vendors. Transfers between expenditure accounts in one department may occur with the approval of the Chief Financial Officer. Transfers between operating departments may occur with the approval of the City Manager and Chief Financial Officer provided that a department's total budget is not changed by more than five percent. Transfers between funds or transfers between departments that change a department's total budget by more than five percent must be accomplished by budget amendment approved by the City Council. Budget amendments calling for new fund appropriations must also be approved by the City Council.

Budget-to-actual comparisons are provided in this report for each major fund for which an appropriated annual budget has been adopted. All major funds, other than the capital project fund that follows a five year plan, as well as all proprietary and special revenue funds adopt annual budgets. For the non-major governmental funds with appropriated annual budgets, this comparison is presented in the combining and individual fund financial statements and schedules section of this report.

**FACTORS AFFECTING FINANCIAL CONDITION**

**Status of Local Economy**

With its concentration of commercial and retail development, the Town of Addison's economy is strongly influenced by the region's economic climate. According to reports issued by the Federal Reserve Bank of Dallas, the Leading Index indicators decreased slightly while the Business Cycle Index indicators increased significantly during FY2023, primarily due to continued economic expansion following the COVID-19 pandemic. Both indices, after consistent increases throughout FY2022 showed varied results in FY2023. Overall, the trend bodes well for the continued economic strength of the Town.

The United States unemployment rate slightly increased, but remained fairly consistent throughout fiscal year 2023. Texas ended the year above the nation as a whole. Texas began fiscal year 2023 at 3.8% unemployment, and ended the year at 4.1%, just above the U.S. rate of 3.8%.

Addison is densely developed with 11.4 million square feet of office space distributed among 120 office buildings. Much attention is given to the occupancy rates of buildings in Addison. At the end of September 2023, Addison's occupancy rate stood at 78.9 percent compared with the 79.6 percent recorded a year earlier. Addison's occupancy rate is 3.4 percentage points higher than the 75.5 percent average for all of the Dallas/Ft. Worth Area. (Source: CoStar Group)

The Town experienced a 12.0 percent increase in taxable property values for the fiscal year 2023 compared to a 3.0 percent increase for the fiscal year 2022.

For the 2023 fiscal year, General Fund revenues of \$47.2 million represented a 10.5% increase from \$42.7 million in fiscal year 2022, primarily due to increased property taxes, sales taxes, and investment revenue. The property tax levy produced 48% of the total revenue available to the Town's General Fund for this year, while the sales tax revenue category produced 38%. The Town's sales tax receipts increased 4.2 percent from fiscal year 2022. General Fund expenditures and transfers for the 2023 fiscal year totaled \$47.1 million. The General Fund ending fund balance increased by \$168 thousand to \$20.7 million, with an ending fund balance of 46.9% of General Fund operating expenditures. Although the dollar value of fund balance increased, the fund balance percentage of operating expenditures decreased slightly due to the increase in expenditures from fiscal year 2022 to fiscal year 2023.

### **Long-Term Financial Planning**

The City Council has adopted various financial policies for operations, capital, and debt management. Fiscal year 2023 was most significantly impacted by the Town's debt management policies ensuring the Town can cover needed capital project costs increasing due to inflation while decreasing the overall property tax rate.

Because the Town's major source of revenue is taxes, the Town occasionally offers tax abatement incentive agreements to attract new businesses and development. The Town believes these agreements attract quality businesses to our community that provide long-term benefits such as creating more jobs and increasing the tax revenue to spend on additional or enhanced services to our residents.

Users of this document, as well as others interested in the programs and services offered by the Town of Addison, are encouraged to read the Town's 2023-24 Annual Budget. The document details the Town's long-term goals and financial policies, describes program accomplishments and initiatives, and outlines the Town's capital improvement program. The Town's Annual Budget also includes long-term financial plans for the major operating funds that forecast revenues and expenditures over a five-year horizon. The plans are driven by financial policies adopted by the City Council that are designed to protect the Town's financial integrity. The policies include establishing significant fund balances, or reserves, to protect the Town from the boom/bust economic cycle common to the state and the region. The budget document can be obtained from the Town of Addison's Finance Department by calling (972) 450-7051. The Annual Budget can also be accessed through the department's website at:

<http://addisontexas.net/index.php?section=finance-department> [Addison-budget.](#)

## AWARDS AND ACKNOWLEDGMENTS

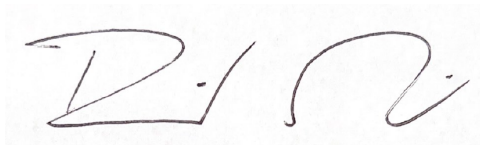

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a *Certificate of Achievement for Excellence in Financial Reporting* to the Town of Addison, Texas for its Annual Comprehensive Financial Report (ACFR) for the fiscal year ended September 30, 2022. The *Certificate*, which is reproduced herein, is the highest form of recognition for excellence in state and local government financial reporting. In order to be awarded a *Certificate of Achievement*, a government unit must publish an easily readable and efficiently organized ACFR whose contents conform to program standards. The document must satisfy both generally accepted accounting principles and applicable legal requirements. A *Certificate of Achievement* is valid for a period of one year only. The Town of Addison has received a *Certificate* for 47 consecutive years. We believe our current report continues to conform to the *Certificate of Achievement* program requirements, and we are submitting it to GFOA for consideration.

In addition to the *Certificate*, the Town received GFOA's *Award for Distinguished Budget Presentation* for its fiscal year 2023 annual budget document. In order to qualify for the *Budget Award*, the Town's budget document was judged to be proficient or exceptional in several categories including policy documentation, financial planning, and operations guide. The Town has received the *Award* for 36 consecutive years.

Also, the Town earned the *Award for Achievement in Popular Annual Financial Reporting for the Popular Annual Financial Report* (PAFR) from GFOA for the third consecutive time for the fiscal year ended September 30, 2022. The PAFR is compiled by both the marketing and finance departments. The PAFR takes information from the ACFR and adds other valuable information about the Town in a format designed to be easily understandable to readers who have no background in public finance. Together, the *Budget Award*, *PAFR Award*, and the *Certificate* are evidence of the Finance Department's dedication to producing documents that effectively communicate the Town's financial condition to elected officials, city administrators, and the general public.

I wish to thank all members of the Finance Department who assisted in preparing and assembling the information presented in this report. I also acknowledge our auditors, FORVIS, LLP, and the assistance they provided in meeting the deadlines established for publication of the document. I am grateful for the support provided by the City Council, and affirm our pledge to be a resource to help them achieve the goals they have established for the Addison community.

Respectfully submitted,

David Gaines

## Independent Auditor's Report

The Honorable Mayor and  
Members of the Town Council  
Town of Addison, Texas

### **Opinions**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Addison, Texas (Town), as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town, as of September 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparisons for the general fund and the hotel fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Basis for Opinions**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Town and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Emphasis of Matter**

As discussed in *Notes III. D, III. F, III. I, III. J, and IV* to the financial statements, in fiscal year 2023 the Town adopted Governmental Accounting Standards Board (GASB) Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* and Statement No. 96, *Subscription-Based Information Technology Arrangements*. Our opinions are not modified with respect to these matters.

### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Town's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Town's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Town's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension, and other postemployment benefit information be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town's basic financial statements. The supplementary information, including the combining and individual fund financial statements and schedules, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### ***Other Information***

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**FORVIS,LLP**

**Dallas, Texas

## MANAGEMENT'S DISCUSSION AND ANALYSIS (MD&A)

As management of the Town of Addison, we offer readers of these financial statements this narrative overview and analysis of the financial activities of the Town of Addison for the fiscal year ended September 30, 2023. Readers are encouraged to read this narrative in conjunction with the transmittal letter at the front of this report and the Town's financial statements, which follow this section. **All amounts reported in this MD&A, unless otherwise indicated, are expressed in thousands of dollars (000's).**

### Financial Highlights

- The Town's assets and deferred outflows of resources exceeded its liabilities and deferred inflows of resources at the close of the 2023 fiscal year by \$274,346. This amount represents an increase over the previous year of \$9,095. The increase is due to the recognition of public-partnership revenues for the first time as part of the implementation of GASB Statement No. 94 for the fiscal year ended September 30, 2023.
- As of September 30, 2023, the Town's governmental funds reported combined ending fund balances of \$85,624, a decrease of \$(2,263). The majority of the decrease was due to spending down of bond proceeds in the Capital Project Fund on large construction projects, as part of the five-year capital projects plan.
- At the end of the 2023 fiscal year, the fund balance for the General Fund was \$20,683, or 47 percent of total fund expenditures. Fund balance increased \$167 during the year. This slight increase was mainly due to increasing the annual transfer to the Capital Project Fund to utilize as much excess funds as possible while maintaining a stable fund balance in the General Fund.
- At year-end, the Town of Addison's outstanding long-term liabilities totaled \$184,054, an increase of \$27,620 from the previous year, which is attributed mainly to the swing from a net pension asset in fiscal year 2022 to a net pension liability in fiscal year 2023, stemming from the adoption of a repeating Cost of Living Adjustment (COLA) in 2022 and unfavorable market performance.

### Overview of Financial Statements

This annual report is comprised of four segments as dictated by generally accepted accounting principles (GAAP): *management's discussion and analysis* (this section), the *basic financial statements*, *required supplementary information* and *other supplementary information*. The basic financial statements include two kinds of statements that present different views of the Town:

- The *government-wide financial statements* provide both long-term and short-term information about the Town's overall financial status.
- The fund financial statements focus on individual parts of Addison's government, reporting the Town's operations in more detail than the government-wide statements.
  - The *governmental funds statements* explain how general government services such as public safety were financed in the short-term, as well as what remains for future spending.
  - *Proprietary fund statements* offer short-term and long-term financial information about the activities the government operates as business-like, such as the airport.

**Illustration A-1 Required Components of  
Town of Addison's Annual Financial Report**

The financial statements also include *notes*, which elaborate on some of the information in the financial statements, providing more detailed data. These financial statements are followed by a section of required supplementary information that further explains and supports the information in the financial statements. Illustration A-1 shows how the required parts of this annual report are arranged and relate to one another. In addition to these required elements, we have included other information such as the Town's statistical section, which, through the use of tables, presents comparative economic and financial data to give users of this report a perspective of the Town's financial performance over a number of years.

Illustration A-2 summarizes the major features of the Town's financial statements. The remainder of this overview section of the management's discussion and analysis explains the structure and contents of each of the statements.

<b>Illustration A-2</b>			
<b>Major Features of Town of Addison's Government-wide and Fund Financial Statements</b>			
	<b>Government-wide Statements</b>	<b>Fund Statements</b>	
		<b>Governmental Funds</b>	<b>Proprietary Funds</b>
<b>Scope</b>	Entire Town government	Activities of the Town that are not proprietary, such as police, fire, and parks	Activities the Town operates similar to a private-sector business: airport, water/sewer utility, and storm water
<b>Required financial statements</b>	* Statement of net position * Statement of activities	* Balance Sheet * Statement of revenues, expenditures, and changes in fund balances * Budget and actual	* Statement of net position * Statement of revenues, expenses, and changes in net position * Statement of cash flows
<b>Accounting basis and measurement focus</b>	Accrual accounting and economic resources focus	Modified accrual accounting and current financial resources focus	Accrual accounting and economic resources focus
<b>Type of asset/liability information</b>	All assets and liabilities, both financial and capital, short-term and long-term	Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included	All assets and liabilities, both financial and capital, short-term and long-term
<b>Type of inflow/outflow information</b>	All Revenues and expenses during year, regardless of when cash is received or paid	Revenues for which cash is received during or soon after the end of the year; expenditures when goods or services have been received and payment is due during the year or soon thereafter	All revenues and expenses during year, regardless of when cash is received or paid

## Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the Town of Addison's finances in a manner similar to a private-sector business. These statements can be located on pages 21-22 of this document.

- The *statement of net position* presents information on all of the Town's assets, liabilities, and deferred inflows and outflows, with the difference reported as *net position*. Over time, increases or decreases in net position **may** indicate the improvement or deterioration of the Town's financial position.
- The *statement of activities* presents information showing the Town's change in net position during the concluded fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows.

The government-wide financial statements of the Town are divided into two categories:

- *Governmental activities* – These are functions such as fire, police, and other services that are principally supported by taxes and intergovernmental revenue.
- *Business-type activities* – These functions are intended to recover all or a significant portion of their costs through user fees and charges. The Town's airport, utility system and storm water system fall within this category.

## Fund Financial Statements

A *fund* is a grouping of related accounts used to maintain control over resources which have been segregated for specific activities or objectives. The Town of Addison, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Town can be divided into two categories: governmental funds and proprietary funds.

*Governmental Funds* – Governmental funds are used to account for essentially the same functions reported as *governmental activities*. However, unlike the government-wide financial statements, governmental fund financial statements focus on **short-term** inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's short-term financing requirements.

The focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the **long-term impact** of the government's **short-term financing** decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental *funds* and governmental *activities*.

The Town of Addison maintains 9 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for all these funds, with the exception of the Economic Development Fund, Municipal Court Fund, Public Safety Fund, Grant Fund and PEG Fees Fund, which are considered non-major funds and are combined into a single, aggregated presentation. Individual fund data for each of these non-major funds is provided in the form of combining statements elsewhere in this report.

The Town adopts an annual appropriated budget for almost all its governmental funds. A budgetary comparison statement is provided for each fund to demonstrate compliance with this budget except for the Capital Projects Fund.

*Proprietary Funds* – Services for which the Town charges customers a fee are generally reported in the proprietary funds. Proprietary funds provide the same type of information as the government-wide statements, only in more detail. The Town of Addison maintains two different types of proprietary funds.

- *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The Town uses enterprise funds to account for its general aviation airport, storm water (drainage), and its utility (water and sewer) system.
- *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the Town's various functions. The Town uses internal service funds to account for its fleet of vehicles, major equipment, its technological information systems, and to repair and improve existing facilities. All of these services predominantly benefit governmental rather than business-type functions hence they have been included within *governmental activities* in the government-wide financial statements.

The proprietary fund financial statements provide separate information for Addison's airport, utility system, and storm drainage system, all of which are considered to be major funds of the Town of Addison. Conversely, all internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data presented in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 36-81 in this report.

### **Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Town of Addison's funding of its obligations to provide pension benefits to Town employees through the Texas Municipal Retirement System (TMRS) and to provide other postemployment benefits to Town employees upon retirement.

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented on pages 91-103.

### **Government-wide Financial Analysis**

As of the close of the 2023 fiscal year, the Town's net position (assets and deferred outflows exceeding liabilities and deferred inflows) totaled \$274,346 (see Table A-1). Of this amount \$186,307, or 68 percent, represents the Town's investment in capital assets (e.g. land, buildings, machinery, and equipment), less any related outstanding debt used to acquire those assets. The Town of Addison uses these capital assets to provide services to the community, these assets are not available for future spending. A portion of net position has been restricted for the Town's long-term general obligation debt (\$830), promotion of tourism and hotel industry (\$5,880), and other restrictions (\$531). The remaining amount of net position is labeled as unrestricted and totals \$80,798. This amount is available to meet the Town's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Town of Addison is able to report positive balances in these three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities.

Note: 2022 balances in tables A-1 and A-2 are not restated for adoption of GASB 96 or GASB 94

## Governmental Activities

Governmental activities decreased the Town of Addison's net position by \$(4,398) in fiscal year 2023 as compared to a \$2,918 increase in fiscal year 2022. The major changes from 2022 to 2023 are as follows:

1. Hotel tax revenue increased by \$899 due to increased hotel occupancy related to continued economic recovery following the coronavirus pandemic.
2. Sales taxes revenue increased by \$877 as the economy continues to recover from the financial impact of the Coronavirus pandemic.
3. Property tax revenue increased by \$3,010 due to increasing market values of properties.
4. Net Investment Income/(Loss) increased by \$7,644 due to increases in market value of the Town's investment portfolio, as older securities that were affected by the actions of the Federal Open Market Committee in 2022 matured.
5. Transfers In increased by \$909, as the business-type activities began contributing to the debt service fund in fiscal year 2023 for their share of debt.
6. Streets charges for services decreased by \$2,113 because in fiscal year 2022 there were some large streets projects the Town jointly participated in and received several large reimbursement of expenses.
7. Visitor Services grants and contributions decreased by \$2,019 due to funds received from the Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) that were applied to the Hotel Fund in the prior fiscal year did not repeat.
8. Overall expenses increased \$17,284 primarily due to the increase in the net pension liability. In fiscal year 2022, there was a net pension asset, which further decreased overall expenses in that year.

## Business-Type Activities

The Town's business-type activities experienced a \$13,493 increase in net position, with the Airport Fund recording an increase of \$12,568, due mainly to the first-time recognition of public-private partnership revenues of \$12,578 for the implementation of GASB Statement No. 94. This standard also increased the airport's assets by \$69,431,319 and deferred inflows of resources by \$56,109,099. The Utility Fund posted a decrease in net position of \$(285), due mainly to increased pension expense from the increase in the net pension liability. The Storm Water Fund posted an increase in net position of \$782, mainly due to maintaining drainage fee rates that cover the stormwater operational costs and build healthy reserves.

## Financial Analysis of the Government Funds

*Governmental funds* – The focus of the Town of Addison's governmental funds is to provide information on short-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Town's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending following the end of the fiscal year.

As of September 30, 2023, the Town's governmental funds reported combined ending fund balances of \$85,624, a decrease of \$(2,263) compared to balances a year earlier. Of the ending balance, \$20,024 or 23.4 percent is *unassigned* and is available to the Town for future spending. Most of the remaining fund balance is *restricted* for future capital projects (\$37,280), promotion of tourism and hotel industry (\$5,330), debt service (\$747) or *committed* for Economic Development (\$2,593) and Capital Projects (\$18,497). Components of the net decrease of total fund balance are:

- In the General Fund, expenditures and transfers out totaled \$47,105 compared to revenues of \$47,154. Expenditures increased \$3,524 from the 2022 fiscal year. This increase is primarily due to the increases in public safety (\$1,754), general government (\$742), and parks and recreation services (\$504), all due to inflation and rising costs of supplies and services and increases in public safety personnel costs. Revenues increased \$4,467 from the previous year. The increase was mainly due to an increase in ad valorem taxes and in investment earnings.
- In the Hotel Fund, expenditures and transfers out to other funds totaled \$6,405 compared to revenues and transfers in of \$7,094. Fund revenues decreased \$(356) from the previous year due in large part to a decrease in intergovernmental revenue from funds received from the CSLFRF used to replace lost revenue in the prior fiscal year, offset by increased hotel occupancy taxes as occupancy rates return to pre-pandemic levels. Expenditures increased \$460 from fiscal year 2022 mainly due to inflation and increased prices on various services.
- The General Obligation Debt Service Fund recorded a net increase in fund balance of \$95, which is \$16 more than the net increase for fiscal year 2022. The increase is predominantly due to the increases in transfers in from the proprietary funds for coverage of their debt service.

- The Capital Project Fund recorded a net decrease in fund balance of \$3,715, primarily due to capital expenditures of \$18,870 offset by revenue (\$4,957) which reflects an increase in investment earnings, transfers in (\$3,000) and the proceeds from the 2023 General Obligation Bonds and 2023 Tax and Revenue Certificates of Obligations, both of which will be expended in the future. The Town is steadily spending its bond proceeds in accordance with its five year capital improvement projects plan. Included in these funds is the Infrastructure Investment Fund with an ending fund balance of \$6,051 as of September 30, 2023. Other balances included are for capital projects funded with unspent bond proceeds as of the end of the fiscal year, as well as savings from general operations transferred to the Self-Funded Project fund for future capital projects, and a small fund designated for street maintenance.

*Proprietary funds* - The Town of Addison's proprietary funds provide the same type of information found in the government-wide financial statements. Unrestricted net position of the Airport Fund at the end of the fiscal year amounted to \$20,616; the Utility Fund reported an unrestricted net position of \$12,956, while the Stormwater Fund reported an unrestricted net position of \$8,535.

### General Fund Budgetary Highlights

Major differences between the original budget and the final amended budget are described below, **not expressed in thousands of dollars (000's)**:

Sales tax revenue was amended to recognize an increase in sales tax collections by \$796,417. Additionally, the budget was amended for personnel costs associated with the City Manager's Office, Information Technology, Finance, General Services, and Police. The budget was also amended to appropriate funds for a full-time Long-Range Planning position in the Development Services Department, personnel costs for Council Special Projects, to contribute funds to the Facility Maintenance Fund, and to appropriate funding for street maintenance and prior year encumbrances for street lighting. Additional appropriations were also made for water purchases in the Parks Department due to the hot and dry summer, and funds for a prior year encumbrance to replace a bus shelter damaged by a motorist in the Parks Department. All budget amendments approved did not result in a net change to appropriations.

The adjustments resulted in increasing budgeted revenue 1.8 percent and increasing expenditures by 1.8 percent. \$3,000,000 was transferred to the Self-Funded Project Fund for future capital needs. This was authorized by Section 3 of the September budget amendment ordinance that allowed the City Manager to transfer unexpended appropriations and excess revenue at the end of the fiscal year.

The final actuals resulted in revenues were 4.9 percent higher than the revised budget, due primarily to property and sales tax outperforming budget projections. Expenditures were 1.9 percent lower than the revised budget. The decrease in expenditures resulted from savings on maintenance and contractual services in various departments.

### Capital, Subscription and Lease Asset and Debt Administration

*Capital, subscription and lease assets* – As detailed in Table A-3 below, the Town of Addison's investment in capital, subscription and lease assets for its governmental and business-type activities as of September 30, 2023, totals \$291,243 (net of accumulated depreciation/ amortization). This amount represents a \$10,745 increase from the previous year and is attributed to the increase in current construction of assets less depreciation of existing assets. Some of the projects in progress include Vitruvian Public Infrastructure, Midway Road Rehabilitation, Airport Parkway Reconstruction, Keller Springs Road Reconstruction, and Rawhide Creek Basin Drainage Improvement. More information related to the Town's capital assets can be found in Sections; I, D, 4 and III, D of the Notes to Financial Statements.

Note: Table A-3 does not restate 2022 balances for adoption of GASB 96 or GASB 94

*Long-term debt* – At the end of the 2023 fiscal year, the Town of Addison had total bonded debt outstanding of \$149,608 as detailed in Table A-4. The Town of Addison maintains an underlying bond rating of “AAA” from Standard & Poor’s and “Aaa” from Moody’s. Several of the Town’s outstanding debt issuances are insured. More information related to the Town’s long-term debt can be found in Section III, F of the Notes to Financial Statements.

**Table A-4

**Economic Factors and Next Year’s Budget and Rates**

The development of the Town's budget is guided by several factors including the Town's strategic plan and prevailing economic conditions. The fiscal year 2024 budget plan adopted by the City Council adheres to the Town's financial policies and preserves the Town's strong financial position while providing excellent levels of service. The annual budget is adopted within context of five-year financial plans for the General, Hotel, Airport, and Utility funds. The long-term financial plans project major operating revenues and categories of expenses. Changes in fund balances are monitored to ensure that the Town is in compliance with adopted fund balance policy.

Major programs in the General Fund continue to focus on public safety, community development and parks to ensure the high quality of life enjoyed by Addison citizens and visitors.

Revenue assumptions in the General Fund are expected to take into consideration current economic indicators. Revenues, such as property tax revenue and sales tax revenue, are forecasted using both historical results and current trends. Certified taxable property values in Addison totaled \$6,119,151,951 for fiscal year 2024 which represented an 9.7 percent increase from the previous year. The property tax rate remained the same at \$0.609822 per \$100 appraised value, as compared to the previous fiscal year. Of the 2024 budget tax rate, \$0.450330 was levied for operation/maintenance and \$0.159492 for debt service.

Sales tax collections for the Town were conservatively budgeted from the amount collected in 2023. Sales tax collections were projected to increase slightly in fiscal year 2024 compared to the 2023 budget.

Hotel occupancy tax collections were budgeted to increase by approximately 9.4 percent between fiscal year 2023 and fiscal year 2024.

**Requests for Information**

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the Town of Addison’s finances and to show the Town's accountability for the funds it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the following:

**Basic Financial Statements**

---

**TOWN OF ADDISON**  
**RECONCILIATION OF THE GOVERNMENTAL FUNDS BALANCE SHEET**  
**TO THE STATEMENT OF NET POSITION**  
**SEPTEMBER 30, 2023**

Total Fund Balances - Total Governmental Funds	\$ 85,624,203
Amounts reported for governmental activities in the statement of net position are different because:	
The Town uses internal service funds to charge the costs of certain activities such as replacement of capital assets and information technology to appropriate functions in other funds. A portion of the assets and liabilities of the internal service funds are included in governmental activities in the government-wide statement of net position. The effect of this consolidation is to increase net position.	14,554,329
Capital, lease, and subscription assets used in governmental activities, including infrastructure and developer contributions, are not financial resources and therefore are not reported in fund financial statements. Capital, lease, and subscription assets of \$189,370,428, net of accumulated depreciation/amortization of \$165,478,517, increased net position in the government-wide financial statements. This amount is exclusive of the capital and subscription assets of internal service funds with a net carrying value of \$7,528,441, of which \$260,346 was applied to business-type activities and \$7,268,095 was applied to governmental activities.	189,370,428
Investment in Joint Venture is not financial resources and is not reported in the fund financial statements. Investment in Joint Venture increased net position in the government-wide financial statements.	1,417,050
Deferred losses on refundings of debt have been reflected net of amortization in the government-wide financial statements.	1,019,932
Bonds payable, contractual obligations, and related premium and discount amounts have not been included in the fund financial statements.	(116,704,520)
Accrued liabilities for compensated absences have not been reflected in the fund financial statements.	(1,030,373)
Total OPEB liability is not reflected in the fund financial statements.	(3,111,798)
Deferred outflows on OPEB, net of amortization, are not reflected in fund financial statements.	997,706
Deferred inflows on OPEB, net of amortization, are not reflected in fund financial statements.	(1,283,902)
Deferred outflows on pension costs, net of amortization, are not reflected in fund financial statements.	11,839,104
Net pension liability is not reflected in fund financial statements.	(24,189,682)
Leases payable are not reflected in fund financial statements.	(359,344)
Interest payable on outstanding debt is accrued in the government-wide financial statements, whereas in the fund financial statements an interest expenditure is reported when due. The effect of recording accrued interest is to decrease net position.	(450,859)
Revenue from property taxes, sales taxes, hotel taxes, franchise fees, court bonds, ambulance billing, alarm billing, and intergovernmental grants is a deferred inflow in the fund financial statements until it is considered available to finance current expenditures, but such revenues are recognized when assessed, net of an allowance for uncollectible accounts, in the government-wide statements.	3,034,099
<b>Net Position of Governmental Activities</b>	<b>\$ 160,726,373</b>

See accompanying notes to basic financial statements.

**TOWN OF ADDISON  
 RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF  
 REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES  
 TO THE STATEMENT OF ACTIVITIES  
 FOR THE YEAR ENDED SEPTEMBER 30, 2023**

Total Net Change in Fund Balances - Total Governmental Funds	\$ (2,263,117)
Amounts reported for governmental activities in the statement of activities are different because:	
The Town uses internal service funds to charge the costs of certain activities such as replacement of capital assets and information technology to appropriate functions in other funds. A portion of the revenues and expenses of the internal service funds are included in governmental activities in the government-wide statement of activities. The effect of this consolidation is to increase net position.	368,012
Current year capital outlays are expenditures in the fund financial statements, but they are shown as increases in capital, lease, and subscription assets in the government-wide financial statements. The effect of removing the capital outlays is to increase net position. This amount excludes \$1,934,049 of capital outlays from the internal service funds for governmental activities.	17,715,134
Capital assets donated to governmental funds are not recognized in fund financial statements. The government-wide statement of activities will reflect an increase in revenue.	255,890
Depreciation and amortization are not recognized as an expense in governmental funds since they do not require the use of current financial resources. The effect of recording the current year's depreciation and amortization is to decrease net position. This amount excludes \$1,217,953 depreciation and amortization in the internal service funds, of which \$1,204,540 was for governmental activities and \$13,413 was for business-type activities.	(8,781,547)
The Town's share of net gain from Investment in Joint Venture is not reflected in fund financials.	136,113
The issuance of long-term debt increases the current financial resources of governmental funds while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds, but both have no effect on net position. The amortization of prepaid insurance associated with the issuance of long-term debt, bond premiums, bond discounts, and deferred gain/loss on refunding of long term debts is reported in the statement of activities but does not require the use of current financial resources. Therefore the effect of the amortization of these various items are not reported in the statement of revenues, expenditures, and changes in fund balance. This amount represents the decrease in net position of the following:	
New debt from bond issuances, including premiums, discounts, and loss on refundings	(7,091,055)
Leases Issued	(236,472)
Bond repayments, including refunded amounts of principal and premiums	6,465,000
Lease principal payments	158,508
Amortization of bond premiums, discounts, and losses on refunding	727,233
	23,214
The change in compensated absences liability is not shown in the fund financial statements. The net effect of the current year's decrease in liability is to increase net position.	108,103
The current year decrease in the total OPEB liability of \$1,732,054, amortization of deferred inflows and and outflows on OPEB of (\$830,955) are not shown in the fund financial statements. The effect of recording these amounts is to increase net position.	901,099
Interest is accrued on outstanding debt in the government-wide financial statements, whereas in the fund financial statements an interest expenditure is reported when due. The effect of recording the increase in accrued interest is to decrease net position.	(19,454)
Increase in net pension liability of \$24,189,682, decrease of net pension asset of \$6,022,075 and amortization of deferred inflows and outflows on pensions of \$17,519,417, decrease net position by increasing the pension expense in each function.	(12,692,340)
Leases are long-term debt and are not reflected in fund financial statements. The early termination of a lease resulted in a gain on disposal of debt of \$219,680 and a loss on disposal of the leased asset of \$248,816. The effect of these items decreases net position.	(29,136)
Revenue from property taxes, sales taxes, hotel taxes, franchise fees, court bonds, ambulance billing, alarm billing, and intergovernmental grants not recognized in fund financial statements on the modified accrual basis is recognized on the accrual basis in the government-wide financial statements.	(119,755)
<b>Change in Net Position of Governmental Activities</b>	<b>\$ (4,397,784)</b>

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The accounting and reporting policies of the Town of Addison, Texas ("Town"), relating to the funds included in the accompanying financial statements, conform to the generally accepted accounting principles applicable to state and local governments. The following represent the more significant accounting and reporting policies and practices used by the Town.

**A. Reporting Entity**

The Town is a municipal corporation incorporated on June 15, 1953, under the Constitution of the State of Texas (Home Rule Amendment). The Town's charter was last amended in January 2021. The Town operates as a Council-Manager form of government and provides such services as are authorized by its charter to advance the welfare, health, comfort, safety, and convenience of the Town and its inhabitants.

The Town is a financial reporting entity as defined by GASB Statement No. 14, "*The Financial Reporting Entity*," as amended by GASB Statement No. 61 "The Financial Reporting Entity: Omnibus: an amendment of GASB Standards No. 14 and No. 34." As required by generally accepted accounting principles (GAAP), the Town's financial statements include all required activities relating to the Town and its operations. In accordance with the standards, the Town does not have component units requiring inclusion.

**B. Basic Financial Statements**

The basic financial statements include both government-wide financial statements (based on the Town as a whole) and fund financial statements. Both sets of financial statements classify activities as either governmental activities, which are supported by taxes and intergovernmental revenues, or business-type activities, which rely on fees and charges for support.

The government-wide Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are clearly identifiable with a specific function. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

**C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation**

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. "Measurement focus" refers to what is being measured, and "basis of accounting" refers to the timing of revenue and expenditure recognition in financial statements. The government-wide financial statements and the proprietary funds are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are reported when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year in which they are levied.

The governmental funds are accounted for using a current financial resources measurement focus and the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e., both measurable and available). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

The Town considers all revenues available if they are collected within thirty (30) days after year-end. Expenditures are recognized when the related fund liability is incurred, if measurable, except for principal and interest on general long-term debt, including lease and subscription liabilities, which are recorded when due, and compensated absences, pension, and post-employment benefit obligations, which are recorded when payable from currently available financial resources.

Ad Valorem (property), sales, and hotel taxes, as well as franchise fees, recorded in the General Fund and Ad Valorem tax revenues recorded in the Economic Development Fund, General Obligation Debt Service Fund and Capital Project Fund are recognized under the susceptible to accrual concept. Licenses and permits, charges for services (except ambulance services), fines and forfeitures (except court warrants), and miscellaneous revenues (except earnings on investments) are recorded as revenues when received in cash because they are generally not measurable until actually received. Ambulance services, court warrants and investment earnings are recorded as earned since they are measurable and available.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges between the Town's airport and utility functions and various other functions of the Town, and charges of the internal service funds to the Airport and Utility funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided; 2) operating grants and contributions; and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services or producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating expenses of the Town's enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

The Town reports the following major governmental funds:

General Fund – The General Fund is used to account for all financial resources traditionally associated with government which are not required legally or by sound financial management to be accounted for in another fund. Revenues which are not allocated by law or contractual agreement to other funds are accounted for in this fund.

Hotel Fund – The Hotel Fund is used to account for tax revenues received from local hotels. Expenditures must fall within the guidelines set forth in the Texas Hotel Occupancy Tax Act (Article 1269: Vernon's Texas Civil Statutes).

General Obligation Debt Service Fund – The General Obligation Debt Service Fund accounts for the accumulation of resources to be used for the payment of principal and interest on the general obligation bonded debt of the Town.

Capital Project Fund – The Capital Project Fund is used to account for financial resources related to the acquisition, construction, or improvements of major capital assets.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Additionally, the Town reports the following non-major governmental funds:

Municipal Court Fund - The Municipal Court Fund accounts for the Town's court building security and technology fees that are generated from court citation fines. According to state law, the revenue generated from these fees may only be spent on the municipal court function.

Public Safety Fund - The Public Safety Fund accounts for awards of monies or property by the courts relating to cases that involve the Addison Police Department.

Grant Fund - The Grant Fund accounts for grant monies that are received prior to the related expenditure, and therefore the fund may carry a balance from year to year if the Town does not expend the monies within the fiscal year. The fund also accounts for expenditures for which the Town expects to be reimbursed.

Economic Development Fund - The Economic Development Fund accumulates resources to support efforts that attract commercial enterprises to Addison and encourage existing businesses to remain in Addison.

PEG Fees Fund - The PEG Fees Fund was created to collect state restricted public, educational, and government access channels, or PEG, fees and account for their use.

The Town reports the following major proprietary funds:

Airport Fund - The Airport Fund accounts for all revenue generated by the Town's general aviation airport. The Town is required to spend this revenue on airport functions. The airport's operating, maintenance, and capital expenses are supported solely by airport income.

Utility Fund - The Utility Fund provides water and sewer services to the residents and businesses of the Town. All activities necessary to provide such services are accounted for in this fund including, but not limited to, administration, operations, maintenance, financing and related debt service, and billing.

Stormwater Fund - The Town's Stormwater Fund accounts for maintenance and improvements to Town stormwater infrastructure. It is financed and operated in a manner similar to private business enterprises, where costs of providing the services to the public are financed primarily through user charges. All operating, maintenance, and capital expenses are supported solely by the approved user fees. This fund has been designated as a major fund by Town management.

Additionally, the Town reports the following internal service funds:

Capital Replacement Fund - The Capital Replacement Fund is used to accumulate sufficient resources to replace existing capital equipment that have reached or exceeded their useful lives. Resources are acquired through charges to operating departments in the funds. The charges are calculated using a straight-line amortization of each piece of equipment based upon the item's expected life. The funds are used to finance replacement equipment when needed.

Information Technology Replacement Fund - The Information Technology Replacement Fund is used to accumulate sufficient resources to replace existing information technology systems. Resources are acquired through charges to operating departments in the funds. The charges are calculated using a straight-line amortization of each component of a system based upon the component's expected life. The funds are used to finance replacement equipment when needed.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Facility Maintenance Fund - The Facility Maintenance Fund is used to accumulate sufficient resources to repair and improve Town facilities. Resources are acquired through charges to operating departments in the funds. The charges are calculated using a straight-line amortization of each component of the facilities based on its expected life. The funds are used to finance repairs and improvements of facilities when needed.

**D. Assets, Liabilities, Deferred Inflows/Outflows of Resources, and Net Position or Equity**

**1) Cash and Investments**

The Town's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. To maximize investment opportunities, all funds participate in a pooling of cash and investments.

Statutes authorize the Town to invest in obligations of the U.S. Treasury, agencies and instrumentalities; obligations of the State of Texas and related agencies; obligations of state, agencies, counties, cities and other political subdivisions of any state rated A or above by Standard & Poor's Corporation or Moody's Investors Service; certificates of deposit issued by state or national banks and savings banks domiciled in Texas; fully collateralized direct repurchase agreements; prime domestic banker's acceptances (BA's); commercial paper with a stated maturity of 180 days or less and a rating of not less than A-1+ or its equivalent; and state or local government investment pools.

Investments in debt securities for the Town are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Town considers quoted market price at September 30, 2023 to be the fair value of investments. Investments in negotiable certificates of deposit are carried at fair value. The government investment pools, TexPool, TexSTAR, Texas CLASS, and LOGIC operate in accordance with state laws and regulations. Investments in external pools are carried at either net asset value or amortized cost, as determined by each pool's individual investment valuation method and whether there is a readily determinable fair value of the pool as of the Town's fiscal year end. In instances where pools transact at amortized cost, such as TexPool, no readily determinable fair value is deemed available.

**2) Receivables**

All receivables for the Town are reported net of an allowance for uncollectibles. The allowances are based on historical collections data and evaluated periodically.

The Town's property tax lien is levied each October 1 on the assessed value listed as of the prior January 1 for all real and business personal property located in the Town. Values are assessed at 100% of the estimated market value. Taxes are due by January 31 following the levy date and are considered delinquent after January 31. Taxes unpaid as of February 1 are subject to penalty and interest as the City Council provides by ordinance.

**3) Inventories and Prepaid Items**

In accordance with the consumption method of accounting, both inventories and prepaid items are recorded as expenditures when consumed rather than when purchased.

Inventories are stated at cost. Cost is determined for inventories of fuel using the moving-average method.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid in the government-wide and fund financial statements. The prepaid items of the Town consist primarily of prepaid software maintenance agreements, the quarterly payment to Dallas Central Appraisal District for appraisal fees, the quarterly payment to North Texas Emergency Communication Center for dispatch services, the quarterly payment to US Customs and Border Protection for services at the Addison Airport, and postage.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

4) Capital, Lease, and Subscription Assets

Capital assets include land, buildings, leased buildings, equipment, leased equipment, subscription assets, and improvements. Improvements include upgrading facilities other than buildings such as streets or sewers and infrastructure, including pavement, storm sewers, and right-of-way contributed by developers. Capital expenditures are defined as purchases that meet specific guidelines as listed below:

- Expected useful life must be three years or more for equipment and ten years or more for improvements.
- Original unit cost of the equipment should be \$5,000 or greater and includes all costs enabling the item into operation, such as freight, installation, and accessories; capital improvements should be \$25,000 or greater.
- The item should not be consumed, unduly altered, or materially reduced in value immediately by use.

The Land and Improvements other than Buildings categories associated with governmental activities include amounts for infrastructure. Related accumulated depreciation of Improvements other than Buildings includes amounts associated with infrastructure. Subsequently, infrastructure is tracked and reported as a separate component of general capital assets associated with governmental activities.

The internal service funds may record assets that have an original cost of \$5,000 or less if assets are considered part of an overall system. Individual items may be retired and replaced as parts of the larger system.

Contributed assets are recorded at acquisition value as of the date donated. Depreciation and amortization of property, plant, and equipment by major classes is provided by the straight-line method based on the following estimated useful lives by major class of depreciable capital assets:

Buildings.....	50 years
Leased buildings.....	10 years
Improvements other than buildings.....	20-50 years
Equipment.....	3-50 years
Leased equipment.....	3-10 years
Subscription assets.....	3-10 years

Depreciation and amortization of current year additions/ retirements is computed at one-half the straight-line rate.

5) Compensated Absences

Vacation, holiday, and sick pay costs are charged to operations when taken by the employees of the Town. In the event of termination, an employee is reimbursed for all accumulated vacation and holiday days not exceeding two years' accumulation. The amounts of such liabilities have been provided for in the government-wide financial statements. No reimbursements upon termination are made for accumulated sick leave; accordingly, no liability for unused sick leave has been provided. The liability is computed based on the reimbursable hours at the employees' rate of pay as of September 30, 2023. The Town's liability for compensated absences decreased \$91,685 for a total liability of \$1,249,568.

6) Leases

The Town of Addison is a lessee for noncancellable leases of equipment and building office space. The Town recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements. The town recognizes lease assets with an initial, individual value of \$30,000 or more.

At the commencement of a lease, the Town of Addison initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. The lease asset is amortized on a straight-line basis over the shorter of its useful life or the lease term.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Key estimates and judgements related to leases include how the Town determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The interest rate charged by the lessor will be used as the discount rate. When the interest rate charged by the lessor is not provided, the Town will generally use its estimated incremental borrowing rate as the discount rate for the leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the Town is reasonably certain to exercise.

The Town of Addison monitors changes in circumstances that would require a remeasurement of its leases and will remeasure the lease assets and liabilities if certain changes occur that are expected to significantly affect the amount of the lease liability.

**7) Subscription-Based Information Technology Arrangements (SBITA)**

The Town of Addison has one software subscription under GASB 96. The Town recognizes a subscription liability and an intangible right-to-use subscription asset (subscription asset) in the Internal Service Funds. The town recognizes subscription assets with an initial, individual value of \$30,000 or more.

At the commencement of a subscription, the Town of Addison initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the subscription liability is reduced by the principal portion of subscription payments made. The subscription asset is initially measured as the initial amount of the subscription liability, adjusted for subscription payments made at, and certain payments made before the subscription commencement date, plus certain initial direct costs. The subscription asset is amortized on a straight-line basis over the shorter of its useful life or the subscription term.

Key estimates and judgements related to subscriptions include how the Town determines (1) the discount rate it uses to discount the expected subscription payments to present value, (2) subscription term, and (3) subscription payments.

- The interest rate charged by the vendor will be used as the discount rate. When the interest rate charged by the vendor is not provided, the Town will generally use its estimated incremental borrowing rate as the discount rate for the subscriptions.
- The subscription term includes the noncancellable period of the subscription. Subscription payments included in the measurement of the subscription liability are composed of fixed payments and purchase option price that the Town is reasonably certain to exercise.

The Town of Addison monitors changes in circumstances that would require a remeasurement of its subscriptions and will remeasure the subscription assets and liabilities if certain changes occur that are expected to significantly affect the amount of the subscription liability.

**8) Grants and Contributions**

Included in capital grants and contributions in the government-wide financial statements is \$1,211,940 in leasehold improvements from agreements that did not qualify under GASB Statement No. 94 for the Airport, and \$191,047 in developer contributions to the Utility Fund. Capital grants also includes a \$46,000 grant for Public Safety to purchase equipment, a \$25,890 developer contribution to Streets, and \$230,000 in artwork donations. Operating grants and contributions includes \$390,693 of grant funding for public safety, a \$9,083 retail food regulatory grant, and a \$50,000 grant for Airport operations.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

9) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position and/or balance sheet reports a separate section for deferred outflows of resources. This separate financial statement element, represents a consumption of net assets that applies to a future reporting period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The Town has the following items that qualify for reporting in this category.

- Deferred charges on refundings – A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.
- Pension and other postemployment benefit (OPEB) contributions after measurement date – These contributions are deferred and recognized in the following fiscal year.
- Changes in pension and OPEB assumptions - These changes are deferred and recognized over the estimated average remaining service lives of all employees that are provided with pensions and OPEB through the pension and OPEB plans (active and inactive employees) determined as of the beginning of the measurement period.
- Difference in expected versus actual experience for pensions and OPEB - This difference is deferred and amortized over the estimated average remaining service lives of all employees that are provided with pensions through the pension plan (active and inactive employees) determined as of the beginning of the measurement period or employees who are provided OPEB through the Town's OPEB plan.
- The difference between projected and actual investment earnings on pension plan - This difference is deferred and amortized over the estimated average remaining service lives of all employees that are provided with pensions through the pension plan (active and inactive employees) determined as of the beginning of the measurement period. In the full accrual government-wide statements, the unavailable resources are recognized as revenue and not deferred.

In addition to liabilities, the statement of net position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The Town has three types of items that qualify for reporting in this category. The difference due to changes in OPEB assumptions is deferred and recognized over the estimated average remaining service lives of all employees that are provided with OPEB through the OPEB plans (active and inactive employees) determined as of the beginning of the measurement period. The difference in expected and actual OPEB experience is deferred and recognized over the estimated average remaining service lives of all employees that are provided with OPEB through the OPEB plans (active and inactive employees) determined as of the beginning of the measurement period. The deferred inflows from public-private partnerships are amortized over the life of the agreements.

10) Fund Equity

The Town reports governmental fund balances per GASB 54 definitions as follows:

**Nonspendable** – Amounts that are not in spendable form or are required to be maintained intact, such as inventory or prepaid amounts or that are legally or contractually required to remain intact.

**Restricted** – Amounts that can be spent only for specific purposes stipulated by external parties, such as grants, court technology fees, and court building security fees or that are imposed by law through constitutional provisions or enabling legislation.

**Committed** – Amounts whose use is constrained by specific limitations that the Town imposes itself, as determined through an ordinance passed by the Town Council. Once adopted, the limitation imposed by the ordinance remains in place until another ordinance removes or revises the limitation.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

Assigned – Amounts intended to be used for specific purposes. Intent may be expressed by the governing body or by an official or body to which the governing body delegates the authority. The City Council has delegated the CFO or his designee as the official authorized to assign fund balance for a specific purpose as approved by the fund balance policy.

Unassigned – Amounts not contained in other classifications that can be used for any purpose. Only the General Fund reports a positive unassigned fund balance. In governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

Governmental fund balances classified as restricted are balances with constraints placed on the use of resources by creditors, grantors, contributors or laws or regulations of other governments. Fund balances classified as committed can only be used for specific purposes pursuant to constraints imposed by the City Council through an ordinance or resolution. Assigned fund balances are constrained by intent to be used for specific purposes but are neither restricted nor committed. Assignments are made by Town management based on Council direction.

The Town will utilize funds for expenditures from the most restrictive fund balance first when more than one fund balance classification is available, with most restrictive being restricted, then committed, then assigned, and lastly unassigned.

11) Minimum Fund Balance Policy

It is the desire of the Town to maintain adequate fund balances to maintain liquidity and in anticipation of economic downturns or natural disasters. The City Council has adopted a financial standard to maintain a General Fund minimum fund balance of 30 percent of budgeted expenditures, and a minimum fund balance of 25 percent of budgeted expenditures for all other operating funds.

12) Net Position

Net Position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets consists of capital assets net of accumulated depreciation and the outstanding balances of any borrowing spent for the acquisition, construction or improvements of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the remaining amount not contained in the other classifications and can be used for any purpose. Sometimes the Town will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Town's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY**

A. Budgetary Information

Budget Policy – The City Council follows these procedures in establishing the budget reflected in the financial statements:

- 1) Prior to August 1 each year, the City Manager submits to the City Council a proposed budget for the fiscal year beginning on the following October 1. The operating budget includes proposed expenditures and the means to finance them.
- 2) Public hearings are conducted where all interested persons' comments concerning the budget are heard.
- 3) The budget is legally enacted by the City Council through passage of an ordinance prior to the beginning of the fiscal year.
- 4) The department level is the legal level of control enacted by the Town Charter. The Town has also adopted a budget amendment policy delineating responsibility and authority for the amendment process. Transfers between expenditure accounts in one department may occur with the approval of the Chief Financial Officer. Transfers between operating departments may occur with the approval of the City Manager and Chief Financial Officer provided a department's total budget is not changed by more than five percent. Transfers between funds or transfers between departments that change a department's total budget by more than five percent must be accomplished by budget amendment approved by the City Council. Budget amendments calling for new fund appropriations must also be approved by the City Council.

Budgetary control is maintained at the department level, which is a subset of the functional level, by the review of all requisitions of estimated purchase amounts prior to the release of purchase orders to vendors.

- 5) Budgets for the General, Special Revenue, and Debt Service funds are adopted on a basis consistent with generally accepted accounting principles (GAAP). Budgets for the Capital Project funds are normally established pursuant to the terms of the related bond indentures, that is, project basis. Accordingly, no comparison of budget to actual is presented in the financial statements for the Capital Project fund.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (CONTINUED)**

*Budget Data* – The budget amounts presented in the statements reflect original and amended budget amounts. The FY2023 budget was amended two times, and the amendments were approved by City Council on April 25, 2023, and September 26, 2023. The April 25th amendment was to allocate funds to the General Fund for a Long-Range Planning position in the Development Services Department. Additionally, this amendment was to allocate funds to the Reimbursement Grant Fund offset by an equal increase in Intergovernmental - Federal Revenue, for revenue and expenditures related to a 911 grant received by North Texas Emergency Communications Center cities on their behalf. The amendment also added funding for various projects in the Self-Funded Special Projects Fund including Tree Mitigation Fees, as well as, allocated funds from the Debt Service Fund for the 2023 General Obligation Refunding Bonds offset by bond proceeds of an equal amount. The September 26th budget amendment appropriated funds from the General Fund for contributions to the Facility Maintenance Fund and temporary employment services in the General Services Department, personnel costs in the Finance Department, which were offset by decreases in personnel costs in the City Manager's Office and Information Technology Department. Additional funds were allocated for street maintenance and prior year encumbrances for street lighting, replacement of a damaged bus shelter, and for water purchases. The amendment also reflects an allocation for expenditures from the Capital Projects Fund for prior year encumbrances from the 2013 Stormwater CO's, the 2012 GO/CO Fund, and the 2021 GO Bond Fund. In addition, this amendment allocated funds from the Self-Funded Special Projects Fund for prior year encumbrances for Oncor transformer relocations at the Police Department, Wheeler Bridge painting, Vitruvian Park Fitness Court, traffic signal design, pavement condition assessment services, fire station bay door grill gates, a forklift, and an allocation in the Utility Fund for increased wholesale water purchases offset by water sales revenue of an equal amount. Finally, this amendment also gives the City Manager authority to transfer from the General Fund to the Self-Funded Special Projects Fund unexpended appropriations and excess revenue for the fiscal year ended September 30, 2023.

*Excess of Expenditures over Appropriations* – For the year ended September 30, 2023, the Police Department expenditures exceeded appropriations by \$158,184, mainly due to overtime costs exceeding the budget, as well as, supplies and capital outlay expenditures. Fire Department expenditures exceeded appropriations by \$69,519 due to slight negative budget variances in tools and equipment, motor vehicle maintenance, and contractual services. The excess of appropriations for expenditures in other departments in the General Fund were more than enough to cover these overages, so fund balance was not impacted.

Encumbrance accounting is employed in governmental funds, but all operating encumbrances are liquidated at year-end. Only encumbrances for capital project contracts and capital equipment purchase orders roll forward to the next fiscal year to increase following year capital budgets.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**III. DETAILED NOTES ON ALL FUNDS**

**A. Cash and Investments**

The Town has seven bank accounts: the Operating Account, Controlled Disbursement Account, Payroll Account, ACH/Wire Account, Benefits Account, Police Seizure Escrow Account, and the Addison Airport Account. The Controlled Disbursements and Payroll accounts are zero-balance accounts. The ACH/Wire Account is used for all receipts and expenditures made by ACH or wire transfer. The Town uses the Operating Account as an operating pool available for all funds. Each fund type's portion of this pool is reported as "Pooled Cash and Investments." The other demand accounts are reported in the same manner. The Police Seizure Escrow Account is used to hold police seized funds pending legal judgments. The Addison Airport account is a checking account used by the management companies at the Airport to cover operational expenses.

The investment policies of the Town are governed by state statutes and an Investment Policy Ordinance adopted by the City Council. Major provisions of the Town's investment policy include: responsibility for investments, authorized investments, bank and security dealer selection and qualifying procedures, safekeeping and custodial procedures, statement of investment objectives, and investment reporting procedures.

**Cash**

State statutes require that all deposits in financial institutions be fully collateralized by U.S. Government obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies or instrumentalities that have a fair value of not less than the principal amount of the deposits. The Town's deposits were fully insured or collateralized as required by the state statutes at September 30, 2023. Included in Pooled Cash and Investments is \$3,950 of petty cash. At year-end, the carrying amount of the Town's deposits was a debit balance of \$4,338,120. The respective bank balance totaled \$5,149,353. In addition, collateral with a fair value of \$5,772,741 were held by the pledging financial institution's account at the Bank of New York Mellon in the Town's name.

In order to maximize interest earnings, the Town utilizes a controlled disbursement account that allows the Town to deposit only as much money needed to fund checks presented for payment each day. The amount required is withdrawn from the operating pool.

**External Investment Pools**

The Town's pool investments as of September 30, 2023 were invested in LOGIC, TexPool, TexSTAR (Texas Short Term Asset Reserve program) and Texas CLASS (Texas Cooperative Liquid Assets Securities System).

Federated Investors is the full service provider for the TexPool program. As the provider, the responsibilities include managing the assets, providing participant services, and arranging for all custody and other functions in support of the operations under a contract with the State Comptroller of Public Accounts. State Street Bank serves as custodian to TexPool Hilltop Securities, Inc. (HTS) and JPMorgan Investment Management, Inc. (JPMIM) serve as co-administrators for LOGIC and TexSTAR under an agreement with its Board of Trustees and Board of Directors, respectively. HTS provides distribution, administrative, participant support and marketing services. JPMIM provides investment management, custody and fund accounting services. JPMorgan Chase Bank, N.A. serves as custodian for LOGIC and TexSTAR. Texas CLASS is administered by Public Trust Advisors, LLC and UMB Bank serves as custodian which provide investment, financial or other cash management services.

LOGIC, TexPool, TexSTAR and Texas CLASS are not registered with the Securities and Exchange Commission (SEC) as investment companies. LOGIC, TexPool, TexSTAR and Texas CLASS are investment pools that have been organized in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and the Public Funds Investment Act, Chapter 2256 of the Texas Government Code.

The government investment pool TexPool is carried at amortized cost. LOGIC, TexSTAR, and Texas CLASS are carried at net asset value.

**Town of Addison, Texas**  
**Basic Financial Statements**

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

Investments

As of September 30, 2023, the Town held the following investments:

	<u>Carrying Value</u>	<u>WAM (Days)</u>
Agency Securities	\$ 47,501,010	313
U.S. Treasuries	977,226	2
Municipal Bonds	38,532,226	195
Commerical Paper	3,944,072	3
Negotiable Certificates of Deposit	6,713,128	36
<i>Total Investment in Securities</i>	<u>97,667,662</u>	
LOGIC	24,373,388	83
TexPool	1,053,793	72
TexSTAR	1,050,965	86
Texas CLASS	3,627,226	57
<i>Total Investment in Pools</i>	<u>30,105,372</u>	
<i>Total Investments</i>	<u>\$ 127,773,034</u>	549

In accordance with GASB Statement No. 72, “Fair Value Measurement and Application,” the Town records investments at fair value. However, for participating interest-earning investment contracts with maturities of one year or less at time of purchase, the Town reports these investments at amortized cost. Investments in debt securities are carried at fair value. Fair value for debt securities is determined using a multi-dimensional relational model using standard inputs including TRACE reported trades. Investments in negotiable certificates of deposits are carried at fair value.

*Interest Rate Risk* – In accordance with its investment policy, the Town manages its exposure to declines in fair values by limiting the weighted average days to maturity of its investment portfolio to 24 months (730 days). This means investing operating funds primarily in short-term securities, money market mutual funds or similar investment pools.

*Credit Risk* – The reported investments meet the criteria specified in the Town’s investment policy related to the specific types of instruments presented.

1. Debt obligations with a maturity not to exceed five years from the date of purchase issued by, guaranteed by, or for which the credit of any of the following Federal Agencies and Instrumentalities is pledged for payment: Federal National Mortgage Association (FNMA), Federal Home Loan Bank (FHLB), Federal Farm Credit Bank (FFCB), and Federal Home Loan Mortgage Corporation (FHLMC). The Town’s investments in bonds of U.S. Agencies were rated Aaa by Moody’s Investors Service and AAA by Standard and Poor’s. Mortgage-backed securities may be held as collateral although principal-only and interest-only mortgage-backed securities as well as all types of collateralized mortgage obligations (CMO) and real estate mortgage investment conduits (REMICs) are expressly prohibited.
2. Time Certificates of Deposit with a maturity not to exceed five years from the date of purchase, insured by the Federal Deposit Insurance Corporation (FDIC) or its successor, in depository institutions that have a main office or a branch in the state of Texas which have been approved by the Town in accordance with its Investment Policy. In addition, separate CDs issued by depositories wherever located, bundled together into a single investment with the full amount of principal and interest of each CD federally insured may be purchased through a selected depository institution with its main office or branch office in Texas. This depository shall act as the custodian for the various certificates on behalf of the Town.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

3. Obligations of states, agencies, counties, cities, and other political subdivisions of any State having been rated as to investment quality by a nationally recognized investment rating firm and having received a rating of not less than "A" or its equivalent with a maturity not to exceed five (5) years from the date of purchase.
4. Prime commercial paper with an original maturity of two hundred seventy (270) days or less which, at the time of purchase, is rated at least A-1 by Standard and Poor's, P-1 by Moody's, or F1 by Fitch.
  - At the time of the purchase, the commercial paper must be rated by at least two of the above stated ratings agencies at the above stated minimum credit criteria.
  - If more than two of the above rated agencies rates an issuer, all the rating agencies must rate the issuer in accordance with the above stated minimum credit criteria.
  - If the commercial paper issuer has senior debt\* outstanding, the senior debt must be rated by each service that publishes a rating of the issue at least: A-1 by Moodys, A+ by Standard and Poor's, and A+ by Fitch. (\*Senior Debt is defined as the most senior secured or unsecured debt of an issuer with an original maturity exceeding one year.)
5. State and Local Investment Pools organized under the Interlocal Cooperation Act that meet the requirements of Chapter 2256 Texas Government Code and have been specifically approved by the CFO and authorized by the City Council. LOGIC, TexPool, TexSTAR and Texas CLASS are all currently rated AAA by Standard and Poor's.

*Concentration of Credit Risk* – It is the Town's policy to avoid a concentration of assets in a specific maturity, a specific issue, or a specific class of securities. The applicable limits on the Town's investments as of September 30, 2023 based on par value, are Instrumentality Securities (70%) of which the Town's portfolio is currently at 38.5%, Municipal Bonds (50%) of which the Town's portfolio is currently at 30.4%, Commercial Paper (30%) of which the Town's portfolio is currently at 3.0%, Certificates of Deposit (50%) of which the Town's portfolio is currently at 5.2%, and Local Government Investment Pools (70%) of which the Town's portfolio is currently at 22.9%.

Fair Value of Assets

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

- |                |   |
|----------------|---|
| <b>Level 1</b> | Quoted prices in active markets for identical assets or liabilities   |
| <b>Level 2</b> | Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities |
| <b>Level 3</b> | Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities  |

**Town of Addison, Texas**  
**Basic Financial Statements**

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

*Recurring Measurements*

The following table presents the fair value measurements of assets recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair hierarchy in which the fair value measurements fall at September 30, 2023:

	Fair Value	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Observable Inputs (Level 3)
<b>Investments by fair value level</b>				
U.S. Agency Securities	\$ 47,501,010	\$ 986,923	\$ 46,514,087	\$ -
U.S. Treasuries	977,226	977,226	-	-
Municipal Bonds	38,532,226	1,205,024	37,327,202	-
Commerical Paper	3,944,072	-	3,944,072	-
Negotiable Certificates of Deposit	6,713,128	-	6,713,128	-
<i>Total Investment by fair value level</i>	<u>97,667,662</u>	<u>\$ 3,169,173</u>	<u>\$ 94,498,489</u>	<u>\$ -</u>
<b>Investments measured at net asset value - LOGIC</b>	24,373,388			
<b>Investments measured at amortized cost - TexPool</b>	1,053,793			
<b>Investments measured at net asset value - TexSTAR</b>	1,050,965			
<b>Investments measured at net asset value - Texas CLASS</b>	3,627,226			
<i>Total Investments</i>	<u>\$ 127,773,034</u>			

Certain investments that are measured at amortized cost or using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above approximate amortized cost or net asset value for all related external investment pool balances.

*Investments*

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, and the assets are classified in Level 2, their fair values are estimated by using the matrix pricing technique. This technique includes quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. At September 30, 2023, no investments are held by the Town meeting the Level 3 hierarchy classification.

*Investment in State Investment Pools*

During the year, the Town invested in multiple public fund investment pools, including LOGIC, TexPool, TexSTAR and Texas CLASS. TexPool is measured at amortized cost, and LOGIC, TexSTAR, and Texas CLASS are measured at net asset value. Each pool's governing body is comprised of individuals who are employees, officers, or elected officials of participants in the funds or who do not have a business relationship with the fund and are qualified to advise. Investment objective and strategies of the pools are to seek preservation of principal, liquidity and current income through investment in a diversified portfolio of short-term marketable securities. Pools offer same day access to investment funds. The Town can liquidate funds daily without penalty, and there is no unfunded commitment.

**B. Ad Valorem (Property) Taxes**

Property taxes attach as an enforceable lien on property as of January 1. The Town's property tax is levied on the assessed value listed as of the prior January 1 for all real and business personal property located in the Town. Assessed values are established by Dallas Central Appraisal District at 100% of the estimated market value and certified by the Appraisal Review Board. The assessed taxable value for the roll of January 1, 2022, upon which the fiscal year 2023 levy is based, was \$5,576,316,621.

**Town of Addison, Texas**  
**Basic Financial Statements**

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

The Town is permitted by Article XI, Section 5 of the State of Texas Constitution to levy taxes up to \$2.50 per \$100 of assessed valuation for general governmental services including the payment of principal and interest on general obligation long-term debt. The tax rate for the year ended September 30, 2023 was \$.609822 per \$100, of which \$.445082 was allocated for general government and \$.164740 was allocated for the payment of principal and interest on general obligation and certificates of obligation long-term debt.

Taxes are due by January 31 following the October 1 levy date and are considered delinquent after January 31 of each year. Taxes unpaid as of February 1 are subject to penalty and interest as the City Council provides by ordinance. Current tax collections for the year ended September 30, 2023, were 98.74% of the original tax levy. In Texas, countywide central appraisal districts are required to assess all property within the appraisal district on the basis of 100% of its appraised value and are prohibited from applying any assessment ratios. The value of property within the appraisal district must be reviewed every three years; however, the Town may, at its own expense, require annual reviews of appraised values. The Town may challenge appraised values established by the appraisal district through various appeals and, if necessary, legal action. Under this arrangement, the Town continues to set tax rates on Town property.

If the effective tax rate, excluding tax rates for retirement of bonds and other debt, adjusted for new improvements, exceeds the rate for the previous year by more than 3.5%, the Town is required to hold an election to determine whether to limit the tax rate to no more than 3.5%. This legislation also provides that, if approved by the qualified voters in the Town, both the appraisal and collection functions may be placed with the appraisal district.

In the governmental funds financial statements, taxes are recognized as revenue beginning on the date of levy when they become available. "Available" means collected within the current period or expected to be collected soon enough thereafter to be used to pay current liabilities. Taxes not expected to be collected within thirty (30) days of the fiscal year ending are recorded as deferred inflows of resources and recognized as they become available. Taxes collected prior to the levy date to which they apply are recorded as unearned revenues and recognized as revenue of the period to which they apply.

An allowance for uncollectible taxes is provided based on an analysis of historical trends.

**C. Receivables**

As of September 30, 2023, receivables for the Town's individual major governmental funds, non-major governmental funds, and internal service funds in the aggregate, including the applicable allowance for uncollectible accounts, are as follows:

	General	Debt Service	Capital Projects	Non-Major Funds	Total
Taxes:					
Ad Valorem	\$ 703,059	\$ 301,411	\$ 10,608	\$ 42,083	\$ 1,057,161
Service Fees	856,019	-	-	-	856,019
Ambulance	948,285	-	-	-	948,285
Gross Receivables	\$ 2,507,363	\$ 301,411	\$ 10,608	\$ 42,083	\$ 2,861,465
Less: Allowance for Uncollectibles	1,476,611	205,360	7,036	28,346	1,717,353
Net Receivables	\$ 1,030,752	\$ 96,051	\$ 3,572	\$ 13,737	\$ 1,144,112

The above allowance for uncollectible accounts represents reserves for ambulance (\$379,314), court warrants (\$557,822), alarm (\$75,114), and property taxes (\$705,103).

As mentioned in Note IIA, the Town employs encumbrance accounting. The Town had the following outstanding encumbrances related to capital projects at September 30, 2023. The Stormwater fund had \$119,633 for drainage improvements, the Utility fund had \$1,755,064 for pump station and sewer line improvements, the Internal Service funds had \$65,523 for the license plate recognition project, and the Capital Project fund had \$18,707,873 for various streets, facilities, and parks projects.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

E. Investments in Joint Ventures

Interlocal Sanitary Sewer Interceptor Agreement

The Town is party to an interlocal agreement, which established a non-profit water supply corporation (North Dallas County Water Supply Corporation) for the purpose of constructing, maintaining, and operating a joint sanitary sewer interceptor with the City of Farmers Branch. The non-profit water supply corporation is governed by a six-member board composed of three appointees from each entity. The Town was obligated for construction costs of the project in proportion to its percentage of allocated flows for each specific portion of the project as set forth in the agreement. The Town is also obligated to pay 55% of all general overhead costs. Operating and maintenance costs since the project became operational shall be paid in accordance with respective percentages of allocated flows as set forth in the agreement.

The Town's net investment and its share of general overhead expenses are reported in the Town's Utility Fund (an enterprise fund). The Town's equity interest in the North Dallas County Water Supply Corporation of \$6,143,633 is included in Unrestricted Net Position. This joint venture provides audited financial statements bi-annually. Complete financial statements for the North Dallas County Water Supply Corporation for the fiscal year ended September 30, 2023 can be obtained from Mark Woodward, Treasury Manager, North Dallas County Water Supply Corporation, 13000 William Dodson Parkway, Farmers Branch, Texas.

Public Safety Dispatch Center Agreement

The North Texas Emergency Communications Center, Inc. (NTECC) is a joint venture between the Town of Addison, City of Carrollton, City of Coppell, and City of Farmers Branch (the "Cities") formed during fiscal year 2015 to establish and operate a joint public safety dispatch center. The affairs of the NTECC are managed by a four-person board of directors representing each of the four participating Cities.

The Cities are responsible for funding capital and operating costs of the NTECC in the proportions stated in the inter-local agreement. The Town financed its portion of construction funds with proceeds from Combination Tax and Revenue Certificates of Obligation, Series 2012. The Town of Addison's equity interest (currently 16%) in the NTECC is reported as investment in joint venture in the governmental activities on the government-wide Statement of Net Position at \$1,417,050, and is included in Unrestricted Net Position. The joint venture provides annual audited financial statements. The most recent audit report available is for the fiscal year ended September 30, 2023. Complete financial statements for the NTECC can be obtained from Mark Carriere, Accounting Administrator, North Texas Emergency Communications Center, 1649 W. Frankford Rd #150, Carrollton, Texas.

**NOTES TO FINANCIAL STATEMENTS**

**F. Long-Term Debt**

The long-term debt of the Town consisted of the following as of September 30, 2023:

	Governmental Activities	Business-type Activities
<b>General Obligation Bonds, Tax-Exempt Series 2014</b>		
A series of 2,400 bonds at \$5,000 each dated February 15, 2014. The bonds were issued to provide funds for: (i) engineering, constructing, reconstructing, improving, repairing, developing, extending and expanding streets, thoroughfares, bridges, interchanges, intersections, grade separations, sidewalks and other public ways of the Town, including related streetscape improvements, public utility improvements, storm drainage facilities and improvements, signalization and other traffic controls, street lighting, and the acquisition of land therefor; relocating utilities currently located in or adjacent to the Belt Line Road right-of-way and acquiring, constructing, and developing Belt Line Road roadway and streetscape improvements and the acquisition of land therefor; and (iii) for the payment of the costs of issuing the Tax-Exempt Bonds. The bonds mature serially through 2034 with interest rates ranging from 3% to 3.625%. The bonds are callable at par plus accrued interest on or after February 15, 2024 in whole or in part in principal amounts of \$5,000. Ratings: Moody's "Aa1"; Standard & Poor's "AAA"	\$ 8,125,000	\$ -
<b>Certificates of Obligation Series 2014</b>		
A series of 1,513 bonds at \$5,000 each dated February 15, 2014. The Certificates were issued for (i) designing, constructing, installing, acquiring and equipping additions, extensions and improvements to the Town's water and wastewater system, and the acquisition of land and interests in land for such projects, (the "Project") and (ii) paying professional services of attorneys, financial advisors and other professionals in connection with the Project and the issuance of the Certificates. The bonds mature serially through 2034 with interest rates ranging from 1% to 4%. The bonds are callable at par plus accrued interest on or after February 15, 2024 in whole or in part in principal amounts of \$5,000. Ratings: Moody's "Aa1"; Standard & Poor's "AAA"	\$ -	\$ 4,985,000
<b>General Obligation Refunding Bonds Series 2016</b>		
A series of 4,712 bonds at \$5,000 each dated May 13, 2016. The bonds were issued to refund a portion of the Town's outstanding debt for debt service savings and to pay the costs associated with the issuance of the bonds. The bonds mature serially through 2033 with interest rates ranging from 3% to 5%. The bonds are callable at par plus accrued interest on or after February 15, 2026 in whole or in part in principal amounts of \$5,000. Ratings: Moody's "Aa1"; Standard & Poor's "AAA"	\$ 12,770,000	\$ 3,950,000

The Town intends to retire all of its general obligation bonds (other than those recorded in the enterprise funds), plus interest, from future Ad Valorem tax levies, interest income, and transfers from other funds. The Town is required by ordinance to create from such tax revenues a sinking fund sufficient to pay the current interest due thereon and each installment of principal as it becomes due. There is \$747,328 available in the General Obligation Debt Service Fund to service the general obligation bonds.

Proprietary fund-type debt is to be repaid from net revenues of the enterprise funds and is, accordingly, recorded as enterprise fund debt.

Bonded debt is direct obligations and pledge the full faith and credit of the government for both governmental and business-type activities. There are a number of limitations and restrictions contained in the various general obligations, certificates of obligation, and revenue bond indentures. The Town is in compliance with all significant limitations and restrictions at September 30, 2023.

For the governmental activities, compensated absences are generally liquidated in the General Fund, Economic Development Fund and Hotel Fund. Also for governmental activities, the net pension liability and total OPEB liability are generally liquidated from the General Fund.

**Town of Addison, Texas**  
**Basic Financial Statements**

**NOTES TO FINANCIAL STATEMENTS**

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

H. Leases

(1) Lease Receivable

During the current fiscal year, the Town of Addison had no leases as a lessor that were not one of the following: short-term, immaterial, or regulated. Regulated leases and short-term leases are discussed later in this note.

(2) Lease Payable

The measurement of the lease payable is based on the present value of lease payments expected to be paid during the lease term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any lease incentives payable to the lessee. During the current fiscal year, the Town of Addison had five leases where the Town was the lessee, and they are described below.

Remote Capture Equipment Lease

As part of the Town of Addison's depository contract entered into in 2019, the Town leases six remote capture check scanners for a term of three years with three, one-year renewal options that will be exercised. An initial lease liability was recorded in the amount of \$22,727 as of October 1, 2021. The Town is required to make fixed monthly principal and interest payments of \$660. There are also variable monthly costs of \$.09 per check deposited, \$.80 per credit posted, and \$.12 per deposit for reporting. For the fiscal year ending September 30, 2023 the Town paid \$1,851 for variable costs. The lease has no stated interest rate, so the Town is using a short-term incremental borrowing rate of 3.07%. The equipment has an estimated useful life of 3 years remaining as of October 1, 2021. The value of the lease asset as of the end of the current fiscal year was \$7,576, net of accumulated amortization of \$15,152.

Chlorine Generators Equipment Lease

The Town entered into a lease agreement for two chlorine generators in 2020 for a term of five years plus 4, one-year renewal options that will be exercised. An initial lease liability was recorded in the amount of \$172,257 as of October 1, 2021. The Town is required to make fixed monthly principal and interest payments of \$2,048. The lease has no stated interest rate, so the Town is using a short-term incremental borrowing rate of 3.07%. The equipment has an estimated useful life of 8 years remaining as of October 1, 2021. The value of the lease asset as of the end of the current fiscal year was \$128,518, net of accumulated amortization of \$42,839.

Office Space Lease #1

The Town entered into a lease agreement for building office space in 2014 for an original term of five years, which was extended in 2019 for another five years. An initial lease liability was recorded in the amount of \$526,903 as of October 1, 2021. The Town was required to make fixed monthly principal and interest payments of \$17,267. The lease has no stated interest rate, so the Town was using a long-term incremental borrowing rate of 3.716%. The building had an estimated useful life of 3 years remaining as of October 1, 2021. The owner of the property allowed the Town to terminate the lease early in 2023 so that the property could be redeveloped. The value of the lease asset as of the end of the lease was \$248,816, net of accumulated amortization of \$278,087. The early termination of the lease resulted in a loss on disposal of leased building of \$248,816 and a gain on the disposition of the lease debt of \$219,680.

Office Space Lease #2

The Town entered into a lease agreement for building office space in February 2023 for a term of five years. An initial lease liability was recorded in the amount of \$122,950 as of February 1, 2023. The Town is required to make fixed monthly principal and interest payments of \$2,182 starting in year one, and each year the payments increase by set amounts. The lease has no stated interest rate, so the Town is using a long-term incremental

**NOTES TO FINANCIAL STATEMENTS**  
 September 30, 2023

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

borrowing rate of 4.254%. The building has an estimated useful life of 5 years. The value of the lease asset as of the end of the current fiscal year was \$106,557, net of accumulated amortization of \$16,393.

Office Space Lease #3

The Town entered into a lease agreement for building office space in February 2023 for a term of five years. An initial lease liability was recorded in the amount of \$113,522 as of February 1, 2023. The Town is required to make fixed monthly principal and interest payments of \$2,167 starting in year one, and each year the payments increase by set amounts. The lease has no stated interest rate, so the Town is using a long-term incremental borrowing rate of 4.254%. The building has an estimated useful life of 5 years. The value of the lease asset as of the end of the current fiscal year was \$98,386, net of accumulated amortization of \$15,136.

The future principal and interest lease payments for leases payable as of September 30, 2023 were as follows:

Fiscal Year Ending	Principal	Interest	Total
September 30,			
2024	\$ 73,360	\$ 12,367	\$ 85,727
2025	69,770	9,636	\$ 79,406
2026	74,197	6,840	\$ 81,037
2027	78,861	3,860	\$ 82,721
2028	42,961	1,187	\$ 44,148
2029-2033	<u>20,195</u>	<u>285</u>	<u>\$ 20,480</u>
Totals	<u>\$ 359,344</u>	<u>\$ 34,175</u>	<u>\$ 393,519</u>

(3) GASB No. 87 Excluded Leases - Regulated

In accordance with GASB No. 87, the Town does not recognize a lease receivable and a deferred inflow of resources for regulated leases in which the Town is the lessor. Regulated leases are certain leases that are subject to external laws, regulations, or legal rulings, e.g. the U.S. Department of Transportation and the Federal Aviation Administration, between airports and air carries and other aeronautical users. The Town has the following regulated leases:

T and Patio Hangar Leases

These leases are aircraft storage rental agreements for T hangars, patio hangars, and the T hangar end-cap storage units. These leases allow the tenants the use of that portion of the hangar and ramp. Hangar usage is restricted to aviation use only and regulated by the FAA. These leases typically have a standard one-year term that fall to month-to-month with a 30 day termination notice. However, the Town had twelve leases during the year that had terms exceeding one year. The revenue recognized for these leases during the fiscal year ended September 30, 2023 was \$80,021.

Jet Hangar Leases

These leases are conventional hangar leases for commercial aviation use for larger aircrafts. The leases allow the tenants use of the hangar, ramp, and a parking area. Hangar usage is restricted to aviation use only and regulated by the FAA. The terms of these leases vary depending on the tenants' need and the airport's plan for the hangar's redevelopment. The leases typically have a CPI adjustment each year. The Town had nine leases

**NOTES TO FINANCIAL STATEMENTS**  
 September 30, 2023

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

during the year that had terms exceeding one year. The revenue recognized for these leases during the fiscal year ended September 30, 2023 was \$845,162.

Fuel Tank License Agreements

These aviation bulk fuel dispensing license agreements allow the license holders to take delivery and to store fuel in their designated fuel tanks owned by the Town. The license holder is responsible for maintaining a specific portion of the facilities, such as down-stream hoses, and the airport must maintain all other improvements. The tank rental fees consist of a base fee and an additional fee. The base fee has specific rent step increases stipulated in the agreements. The additional fee is assessed annually by the Town and consists of common area maintenance such as utilities and a replacement recovery allowance for the fuel tanks and related equipment. The Town had 16 leases during the year that had terms exceeding one year. The revenue recognized for these leases during the fiscal year ended September 30, 2023 was \$199,405.

The fuel tank license agreements also call for a fuel flowage variable fee that is \$0.14 per gallon for public fixed base operations, which are fuel tank licensees that store their aircrafts and equipment at the Airport, and \$0.22 for non-public operators' equipment and aircrafts that are not based at the airport. These rates can be changed by City Council, and licensees are given at least 30 days written notice of rate changes. The fuel flowage fees received during the fiscal year ended September 30, 2023 was \$1,195,788.

The future principal and interest lease receipts for regulated leases as of September 30, 2023 were as follows:

Fiscal Year Ending				
September 30,	Principal		Interest	Total
2024	\$ 873,107		\$ 208,299	\$ 1,081,406
2025	702,148		178,962	881,110
2026	373,949		157,837	531,786
2027	360,919		144,467	505,386
2028	348,281		131,197	479,478
2029-2033	1,799,425		455,209	2,254,634
2034-2038	1,220,019		149,277	1,369,296
2039-2043	171,317		44,970	216,287
2044-2048	156,595		12,423	169,018
Totals	<u>\$ 6,005,760</u>		<u>\$ 1,482,641</u>	<u>\$ 7,488,401</u>

**(4) GASB No. 87 Excluded Leases - Short-Term**

Pursuant to GASB No. 87, the Town does not recognize a lease receivable and a deferred inflow of resources for short-term leases. Short-term leases are certain leases that, at the commencement of the lease term, have a maximum possible term under the lease contract of 12 months or less.

**NOTES TO FINANCIAL STATEMENTS**  
 September 30, 2023

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

I. Public-Private Partnerships

During the fiscal year ended September 30, 2023, the Town of Addison, as transferor, had thirty agreements that met the criteria for a public-private partnership (PPP) under GASB No. 94. Under these agreements, the operators are required to improve or construct capital assets. These assets will revert to the Town at varying dates from 2023 to 2073. The assets are estimated to have a carrying value of \$18,965,000 at the date of their reversions, which is included in the public-private partnerships receivable.

Each agreement requires monthly fixed payments ranging from \$360 per month to \$59,325 per month. Two of the agreements had set price increases at certain dates, and the other agreements have biennial Consumer Price Index (CPI) adjustments. The amount of the CPI adjustments for the year ended September 30, 2023 was \$53,115. The Town was unable to obtain borrowing rates from any of the operators, so the Town used the Town's current incremental borrowing rate of 4.254% for each agreement.

The agreements all require that the operators construct or improve assets and contribute them to the Town at a specified date. The Town has recognized a receivable and a corresponding deferred inflow of resources for these assets as of implementation date October 1, 2022 of \$18,965,000. The deferred inflow is being amortized over the length of each assets' time before reversion. The amortization of this deferred inflow for the fiscal year ended September 30, 2023 resulted in a recognition of \$12,578,484 in Public-Private Partnership Revenue.

The following is a schedule by year of minimum payments to be received under the Town's public-private partnerships that are included in the measurement of the public-private partnerships receivable as of September 30, 2023:

Fiscal Year Ending September 30,	Principal	Interest	Total
2024	\$ 785,047	\$ 2,130,417	\$ 2,915,464
2025	835,443	2,096,323	2,931,766
2026	897,405	2,059,419	2,956,824
2027	936,278	2,020,546	2,956,824
2028	976,836	1,979,988	2,956,824
2029-2033	5,033,119	9,266,842	14,299,961
2034-2038	5,339,535	8,156,513	13,496,048
2039-2043	6,094,525	6,977,366	13,071,891
2044-2048	6,746,919	5,597,195	12,344,114
2049-2053	7,653,899	4,058,507	11,712,406
2054-2058	7,912,745	2,418,458	10,331,203
2059-2063	6,202,951	733,019	6,935,970
2064-2068	490,105	174,267	664,372
2069-2073	561,512	58,570	620,082
Totals	<u>\$ 50,466,319</u>	<u>\$ 47,727,430</u>	<u>\$ 98,193,749</u>

Public-Private partnership receivables at September 30, 2023 per the statement of net position include installment payments of \$50,466,319 and underlying assets of \$18,965,000, for a total of \$69,431,319.

**III. DETAILED NOTES ON ALL FUNDS (CONTINUED)**

J. Subscription-Based Information Technology Arrangements (SBITAs)

The measurement of the SBITA liability is based on the present value of SBITA payments expected to be paid during the SBITA term, such as fixed payments, variable payments that depend on an index or rate, variable payments that are fixed in substance, residual value guarantee payments that are fixed in substance, and any incentives payable. During the current fiscal year, the Town of Addison had one SBITA, as described below.

Public Safety Software Subscription

The Town entered into a contract for the purchase of various public safety equipment with a related software subscription for a term of ten years starting in October 2021, with an initial five year term and an automatic five year extension. An initial subscription liability was recorded in the amount of \$412,005 as of October 1, 2022. The Town is required to make fixed biannual principal and interest payments ranging from \$9,805 to \$50,099. There are also fixed biannual costs for equipment maintenance, supplies and other services ranging from \$2,769 to \$22,894. For the fiscal year ended September 30, 2023 the Town paid \$41,884 for non-subscription costs. The subscription agreement has no stated interest rate, so the Town is using a short-term incremental borrowing rate of 2.7%. The equipment has an estimated useful life of 9 years remaining as of October 1, 2022. The value of the subscription asset as of the end of the current fiscal year was \$366,227, net of accumulated amortization of \$45,778.

The future principal and interest subscription payments for the subscriptions liability as of September 30, 2023 were as follows:

Fiscal Year Ending				
September 30,	Principal	Interest	Total	
2024	\$ 54,366	\$ 8,323	\$ 62,689	
2025	39,384	7,188	46,572	
2026	40,456	6,105	46,561	
2027	41,555	4,993	46,548	
2028	42,685	3,851	46,536	
2029-2031	<u>135,143</u>	<u>4,385</u>	<u>139,528</u>	
Totals	<u>\$ 353,589</u>	<u>\$ 34,845</u>	<u>\$ 388,434</u>

---

**IV. OTHER INFORMATION**

A. Risk Management

The Town is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During fiscal year 2023, the Town maintained workers compensation, general liability and property coverage through the Texas Municipal League Intergovernmental Risk Pool (TMLIRP). The Town pays an annual premium to TMLIRP for such coverage. TMLIRP purchases reinsurance and the Town does not retain risks of loss exceeding deductibles. The Town's general liability coverage is \$5,000,000 and \$10,000,000 in the aggregate. Settled claims have not exceeded insurance coverage in each of the past five years.

For the period of October 2022 to September 2023, the Town offered health benefits through one of two plans operated by Blue Cross Blue Shield. Employees were able to choose either an HSA (health savings account) plan or a PPO (preferred provider organization) plan. The Town also offers a dental plan through Delta Dental and a vision plan through Blue Cross Blue Shield of Texas Vision. The HSA, PPO, and dental plans are funded by joint contributions from the employees and the Town and are accounted for in the respective operating funds. The vision plan is solely from employee contributions.

Blue Cross and Delta Dental plans are fully insured contracts. Monthly premiums paid to Blue Cross and Delta Dental were based upon fixed employee and dependent rates that are established each year.

B. Employee's Retirement System

1) Pension Plan

For purposes of measuring the net pension liability, pension related deferred outflows and inflows of resources, and pension expense, Town specific information about its fiduciary net position in the Texas Municipal Retirement System (TMRS) and additions to/deductions from the Town's fiduciary net position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Information regarding the Town's net pension liability is obtained from TMRS through a report prepared for the Town by TMRS consulting actuary, Gabriel Roeder Smith & Company, in compliance with Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions - an amendment of GASB Statement No. 27*.

Plan Description

The Town provides pension benefits for all of its full-time employees through a nontraditional, hybrid defined benefit plan in the state-wide Texas Municipal Retirement System (TMRS), one of over 920 administered by TMRS, an agent multiple-employer public employee retirement system. Each of the municipalities has an annual individual actuarial valuation performed. TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS' defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**IV. OTHER INFORMATION (CONTINUED)**

TMRS issues a publicly available Annual Comprehensive Financial Report, a copy of which may be obtained by writing to P.O. Box 149153, Austin, Texas 78714-9153. The report is also available on the System’s web site at: [http://www.tmr.com/financial\\_reports.php](http://www.tmr.com/financial_reports.php).

Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the Town, within the options available in the state statutes governing TMRS.

Benefits depend upon the sum of the employee’s contributions to the plan and the Town-financed monetary credits, with interest. At the date the plan began, the Town granted monetary credits for services rendered before the plan began based on an amount equal to two times what would have been contributed by the employee plus interest. Monetary credits for service since the plan began are 200 percent of the employee’s accumulated contributions. Beginning in 1994, the Town adopted an annually repeating type of monetary credit referred to as an updated service credit which when added to the employee’s accumulated contributions and the monetary credits for service since the plan began would be the total monetary credits and employee contributions accumulated with interest, if the current employee contribution rate and Town matching percent had always been in existence. The calculation included a three-year exponential average of the actual salaries paid during the prior fiscal years.

At retirement, the benefit is calculated as if the sum of the employee’s accumulated contributions with interest and the employer-financed monetary credits plus interest were used to purchase an annuity. In 1994 the Town adopted annually repeating annuity increases for its retirees equal to 70% of the change in the consumer price index. The Town discontinued the annual increases in January 2009 and began doing ad hoc increases through 2014, still at 70%. The Town did not adopt an ad hoc COLA after 2014. In fiscal year 2023, the Town adopted annually repeating annuity increases for its retirees equal to 30% of the change in the consumer price index. During the measurement year ended December 31, 2022, these COLA’s were applied retroactively. However, after the measurement date of December 31, 2022, the Town elected to change these COLA’s to be non-retroactive. The impact of these changes is unknown at this time and will be evaluated further in the December 31, 2023 valuation.

The plan provisions are adopted by the governing body of the Town, within the options available in the state statutes governing TMRS and within the actuarial constraints also in the statutes. Members can retire at certain ages, based on the years of service with the Town. The service retirement eligibilities for the Town are: 5 years/age 60, 20 years/any age. Plan provisions for the Town are as follows:

Deposit Rate:	7%
Matching Ratio (Town to Employee):	2 to 1
A member is vested after:	5 years

Employees covered by benefit terms

At the December 31, 2022 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	251
Inactive employees entitled to but not yet receiving benefits	264
Active employees	<u>289</u>
Total	<u>804</u>

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**IV. OTHER INFORMATION (CONTINUED)**

Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the Town matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the Town. Under the state law governing TMRS, the contribution rate for the Town is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Since the Town needs to know its contribution rates in advance for budgetary purposes, there is a one-year delay between the actuarial valuation that serves as the basis for the rate and the calendar year when the rate goes into effect.

Employees for the Town were required to contribute 7% of their annual gross earnings during the fiscal year. The Town elected to contribute at the full rates for calendar years 2022 of 11.78% and 2023 of 16.39%. Accordingly, contributions to TMRS for the year ended September 30, 2023 were \$4,059,743 and were equal to the required contribution.

Net Pension Liability/(Asset)

The Town's Net Pension Liability/(Asset) was measured as of December 31, 2022, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability/(Asset) was determined by an actuarial valuation as of that date.

Actuarial assumptions

The Total Pension Liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Overall payroll growth	2.75% per year including inflation
Investment rate of return	6.75% net of pension plan investment expense including inflation

Salary increases were based on service-related tables. Mortality rates for active members are based on the PUB (10) mortality tables with the Public Safety table used for males and the General Employee table used for females. Mortality rates for healthy retirees and beneficiaries were based on the gender -distinct 2019 Municipal Retirees of Texas mortality tables. The rates for actives, healthy retirees and beneficiaries are projected on a fully generational basis by Scale UMP to account for future mortality improvements. For disabled annuitants, the same mortality tables for healthy retirees is used with a 4-year set forward for males and 3-year set forward for females. In addition, a 3.5% and 3.0% minimum mortality rate is applied, for males and females respectively, to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by Scale UMP to account for future mortality improvements subject to the floor.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS over the four-year period from December 31, 2014 to December 31, 2018. They were adopted in 2019 and first used in the December 31, 2019 actuarial valuation. The post-retirement mortality assumption for Annuity Purchase Rates (APRs) is based on the Mortality Experience Investigation Study. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income. In order to satisfy the short-term and long-term funding needs of TMRS.

**NOTES TO FINANCIAL STATEMENTS**  
 September 30, 2023

---

**IV. OTHER INFORMATION (CONTINUED)**

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, the actuary focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Location</u>	<u>Long-Term Expected Real Rate of Return (Arithmetic)</u>
Global Equity	35.0%	7.70%
Core Fixed Income	6.0%	4.90%
Non-Core Fixed Income	20.0%	8.70%
Other Public and Private Markets	12.0%	8.10%
Real Estate	12.0%	5.80%
Hedge Funds	5.0%	6.90%
Private Equity	10.0%	11.80%
Total	<u>100.0%</u>	

Single Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee contributions will remain at the current 7% and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the Town, calculated using the discount rate of 6.75% as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease 5.75%	Current Discount Rate 6.75%	1% Increase 7.75%
Town's net pension liability	\$ 51,659,126	\$ 28,684,551	\$ 9,794,636

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained at [www.tmr.com](http://www.tmr.com).

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended September 30, 2023, the Town recognized pension expense of \$19,044,074. At September 30, 2023, the Town reported deferred outflows of resources related to pensions from the following sources:

**NOTES TO FINANCIAL STATEMENTS**  
 September 30, 2023

**IV. OTHER INFORMATION (CONTINUED)**

	<u>Deferred Outflows of Resources</u>
Differences between expected & actual economic experience	\$ 1,214,563
Contributions subsequent to the measurement date	3,189,807
Change of assumptions	8,859
Difference between projected and actual investment earnings	<u>9,626,340</u>
Total	<u>\$ 14,039,569</u>

Deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date but before the end of the Town's reporting period of \$3,189,807 will be recognized as a reduction of the net pension liability for the year ending September 30, 2024. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>Year ended September 30</u>	<u>Net deferred outflows (inflows) of resources</u>
2024	\$ 931,752
2025	2,756,031
2026	2,814,463
2027	<u>4,347,516</u>
Total	<u>\$ 10,849,762</u>

Allocation of Pension Items

The City allocates pension items between governmental activities and business-type activities on the basis of employee payroll.

2) Deferred Compensation Plan

The Town offers all employees a deferred compensation plan through Mission Squared (Trustee) in accordance with Internal Revenue Code Section 457. The ICMA-RC 457 plan provides employees the option to supplement their TMRS retirement benefits by making pre-tax contributions to their plan. The Town matches 2.67% of employee contributions up to 4.0% of their base salaries. The 457 plan contribution maximums for 2023 are \$22,500 for individuals under 50, \$30,000 for age 50 catch-up, and \$45,000 for the regular catch-up provision. Employees may enroll in the plan and/or change their contribution amounts at any time. The total amount contributed by the Town for fiscal year 2023 was \$660,326.

3) Other Postemployment Benefits

A summary of OPEB related items as of and for the year ended September 30, 2023, is presented below.

Plan	Total OPEB Liability	Deferred Outflows of Resources	Deferred Inflows of Resources	OPEB Expense
Retiree Health Care Plan				
Governmental Activities	\$ 2,294,756	\$ 847,535	\$ (914,314)	\$ 190,555
Business-Type Activities	506,802	187,180	(201,930)	42,085
Supplemental Death Benefits				
Governmental Activities	817,042	150,171	(369,588)	51,646
Business-Type Activities	180,446	33,165	(81,625)	11,406
<b>Total</b>	<b>\$ 3,799,046</b>	<b>\$ 1,218,051</b>	<b>\$ (1,567,457)</b>	<b>\$ 295,692</b>

Retiree Health Care Plan Description

In addition to the pension benefits described above, as required by state law and defined by Town Policy, the Town makes available health care benefits to all employees who retire from the Town and who are receiving benefits from a Town-sponsored retirement program (Texas Municipal Retirement System and/or a Section 457 Deferred Compensation Plan) through a single-employer defined benefit healthcare plan. This healthcare plan provides lifetime insurance, or until age 65 if eligible for Medicare, to eligible retirees, their spouses and dependents through the Town's group health insurance plan, which covers both active and retired members. For the year under audit, no assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75. Subsequent to the December 31, 2022 measurement date, the Town created a trust in calendar year 2023, and the plan's related fiduciary net position will be reflected in the December 31, 2023 measurement of the net OPEB liability. The trust activity will be reported in the Town's financial statements for the fiscal year ended September 30, 2024. The initial funding of this trust was in the amount of \$560,000.

Benefits Provided

Current retirees in the health plan and active employees with 20 years or more of service or at age 60 or more with five years or more of service at retirement are eligible to remain in the health plan at the total blended contribution rate for active and retiree participants. Benefit provisions for retirees are not mandated by any form of employment agreement. The continued provision of these benefits is based entirely on the discretion of the Town of Addison City Council.

A measurement date of December 31, 2022 was used for the September 30, 2023 liability and expense. The information that follows was determined as of a valuation date of December 31, 2022.

Employees covered by benefit terms

At the December 31, 2022 valuation and measurement date, the following employees were covered by the benefit terms:

Retirees and Beneficiaries	53
Active Members	<u>286</u>
Total	<u>339</u>

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**IV. OTHER INFORMATION (CONTINUED)**

Contributions

Before age 65, the Town will pay a \$150 monthly stipend toward the retiree’s healthcare premium if the retiring employee meets the eligibility criteria at the time of termination and elects coverage in the health plan. For members who retire after 65 or were eligible for the \$150 stipend before age 65, the Town will pay a \$75 monthly stipend directly to the retiree. Current retirees contribute to the health plan the total blended premium for active and retired participants, less the \$150 stipend provided by the Town. The Town contribution to the health plan consists of total premiums in excess of retiree contributions.

Retirees receiving medical benefits during fiscal year 2023 contributed \$499 to \$1,600 per month depending on coverage levels selected. In fiscal year 2023, total retiree contributions were \$766,455. Amounts that were paid after the measurement date of December 31, 2022 but before fiscal year-end, including contributions to the newly created trust, were included as a deferred outflow subsequent to the measurement date.

Total OPEB Liability for Retiree Health Care Plan

The Town of Addison utilized the actuarial services of Gabriel, Roeder, Smith & Company (GRS), a company who has been providing actuarial consulting services since 1938, under the shared services arrangement provided by GRS and North Central Texas Council of Governments. The Town’s total OPEB liability for healthcare benefits of \$2,801,558 was measured as of December 31, 2022.

Actuarial assumptions

The Town’s total OPEB Liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified:

Inflation	2.50% per year
Salary Increases	3.50% to 11.50%, including inflation
Discount rate	4.05% (1.84% in prior year)
Healthcare cost trend rates	7.0% for 2023, declining to 4.25% after 15 years
Participation rates	50% of employees who retire before age 65 and 90% of employees who retire at age 65 or older (same in prior year)

For plans that do not have a formal trust that meets the GASB’s requirements, the discount rate is equal to the tax-exempt municipal bond rate based on a 20-year general obligation AA bond rating as of the measurement date. The rate of 4.05 percent is based on the daily rate closest to but not later than the measurement date using the Fidelity 20-Year Municipal G.O. AA Index.

Mortality rates were based on the gender-distinct 2019 Municipal Retirees of Texas mortality tables and projected on a fully generational basis using the ultimate mortality improvement rates in the MP tables to account for future mortality improvements.

**IV. OTHER INFORMATION (CONTINUED)**

Supplemental Death Benefits Fund Description

Texas Municipal Retirement System (“TMRS”) administers an agent multiple-employer defined benefit group-term life insurance plan known as the Supplemental Death Benefits Fund (“SDBF”). This is a voluntary program in which participating member cities may elect, by ordinance, to provide group-term life insurance coverage for their active members, including or not including retirees. The death benefit for active employees provides a lump-sum payment approximately equal to the employee’s annual salary (calculated based on the employee’s actual earnings, for the 12-month period preceding the month of death). The death benefit for retirees is considered an other postemployment benefit (“OPEB”) and is a fixed amount of \$7,500. As the SDBF covers both active and retiree participants, with no segregation of assets, the SDBF is considered to be an unfunded OPEB plan. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statement No. 75.

Benefits Provided

The Town contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year. The intent is not to pre-fund retiree term life insurance during employees’ entire careers.

A measurement date of December 31, 2022 was used for the September 30, 2023 liability and expense. The information that follows was determined as of a valuation date of December 31, 2022.

Employees covered by benefit terms

At the December 31, 2022 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees currently receiving benefits	181
Inactive employees entitled to but not yet receiving benefits	74
Active employees	<u>289</u>
Total	<u>544</u>

Contributions

Due to the SDBF being considered an unfunded OPEB plan, benefit payments are treated as being equal to the employer’s yearly contribution for retirees. The Town’s Supplemental Death Benefit Plan contributions for 2023 were \$25,303.

Total OPEB Liability for Supplemental Death Benefits

The Town’s total OPEB liability for supplemental death benefits of \$997,488 was measured as of December 31, 2022.

Actuarial assumptions

The Total OPEB Liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement date, unless otherwise specified:

Inflation	2.50% per year
Salary increases	3.50% to 11.50%, including inflation
Discount rate	4.05% (1.84% in prior year)

**Town of Addison, Texas**  
**Basic Financial Statements**

**NOTES TO FINANCIAL STATEMENTS**  
 September 30, 2023

**IV. OTHER INFORMATION (CONTINUED)**

For plans that do not have a formal trust that meets the GASB's requirements, the discount rate is equal to the tax-exempt municipal bond rate based on a 20-year general obligation AA bond rating as of the measurement date. The rate of 4.05 percent is based on the daily rate closest to but not later than the measurement date using the Fidelity 20-Year Municipal G.O. AA Index.

Mortality rates were based on the 2019 Municipal Retirees of Texas Mortality Tables and projected on a fully generational basis with scale UMP.

The actuarial assumptions used in the December 31, 2022 valuation were based on the results of an actuarial experience study for the period December 31, 2014 to December 31, 2018.

Changes in the Total OPEB Liability for supplemental death benefits

	<u>Total OPEB Liability</u>	
Balance as of 10/1/22	\$	1,451,514
Changes for the year:		
Service cost		60,727
Interest on OPEB Liability		27,034
Effect of difference in expected & actual experience		(10,975)
Effect of changes in assumptions or other inputs		(505,509)
Benefit payments		<u>(25,303)</u>
Change in OPEB Liability		<u>(454,026)</u>
Balance as of 9/30/23	\$	<u>997,488</u>

Sensitivity of Total OPEB Liability to Changes in the Discount Rate

The following presents the plan's total OPEB liability of the Town, calculated using a discount rate of 4.05% as well as what the plan's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.05%) or 1-percentage-point higher (5.05%) than the current rate:

	1% Decrease 3.05%	Current Discount Rate 4.05%	1% Increase 5.05%
Total OPEB liability	\$ 1,190,831	\$ 997,488	\$ 846,915

OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended September 30, 2023, the Town recognized OPEB expense of \$63,052. At September 30, 2023, the Town reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Differences between expected and actual experience	\$ 1,961	\$ (21,862)
Change of assumptions	181,375	(429,351)
Total	<u>\$ 183,336</u>	<u>\$ (451,213)</u>

**NOTES TO FINANCIAL STATEMENTS**  
 September 30, 2023

---

**IV. OTHER INFORMATION (CONTINUED)**

Deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended September 30	Net deferred outflows (inflows) of resources
2024	\$ (36,963)
2025	(22,297)
2026	(55,227)
2027	(82,927)
2028	(70,463)
Total	<u>\$ (267,877)</u>

**C. Contingencies**

The Town is party to various legal actions arising in the ordinary course of business, none of which is believed by the Town’s management to have a material impact on the financial condition of the Town. Accordingly, no provision for losses has been recorded in the accompanying financial statements for such contingencies.

The Town of Addison has a \$5,000,000 loan from the North Central Texas Council of Governments (NCTCOG) for Addison's future contribution to Dallas Area Rapid Transit (DART) for the Cotton Belt, also known as the Silver Line. NCTCOG transferred the \$5,000,000 to DART in 2019. The loan is to be repaid over 10 years at 1.8% interest, starting after the completion of the Cotton Belt. The Town of Addison is not responsible for any repayment of the loan unless and until the Cotton Belt is finished. If the Cotton Belt fails to materialize, the Town has no obligation to repay the loan. Completion is currently anticipated in 2026.

**D. Tax Incentive Rebates**

The Town of Addison has three active Commercial Development and Job Related Incentive Rebates that develop or redevelop a particular property attracting businesses that generate incremental tax revenues. In addition to GASB 77, the agreements are subject to Chapter 380 of the Texas Local Government Code that promotes local economic development, commercial activity and business stimulation. City Council approves the agreements via resolution. As part of the agreements, the Town agrees to rebate a portion of the ad valorem or sales tax after confirmation of payment. If the businesses do not meet the obligations as set forth in the agreements in a particular year, the businesses forego the rebates in that year.

The agreement with one entity, executed March 4, 2016, provides a rebate for 50% of business personal property (ad valorem) tax for ten years and a total amount of \$50,000 for waiver of permit fees. The entity did not meet the eligibility criteria to receive the incentive in the last year ended September 30, 2023, and the amount forgone was \$0. The entity ceased to operate in fiscal year 2023, terminating the contract in place. Over the life of the contract, the entity has forgone \$104,247.

The agreement with one entity, executed September 27, 2022, provides a rebate for 50% of business personal property (ad valorem) tax for five years and a total amount of \$6,069 for waiver of permit fees. The entity did not meet the eligibility criteria to receive the incentive in the year ended September 30, 2023, and the amount forgone was \$12,293. Over the life of the contract, the entity has forgone \$12,293.

**NOTES TO FINANCIAL STATEMENTS**  
September 30, 2023

---

**IV. OTHER INFORMATION (CONTINUED)**

The agreement with the another entity provides a rebate for 75% of sales tax over a threshold amount, of which the calculation is outlined in the contract. The Town paid \$321,639 during the fiscal year ended September 30, 2023, and has paid \$2,432,398 over the life of the contract. Also, the contract allows for the Town of Addison to commission an independent traffic study regarding an area specified in the contract, and if warranted, the Town will pay for capital expenses related to potential signalization or other needed improvements in the specified area.

No traffic study has been warranted or commissioned as of September 30, 2023. Also, the contract requires a tree mitigation amount of \$424,385 to be paid in five installments starting the 10th anniversary of the issuance of certain certificates of occupancy, which was in 2014.

E. New Accounting Pronouncements

The Town has adopted and implemented the following statements during the fiscal year 2023.

Statement No. 91, *Conduit Debt Obligations* – This statement provides a single method of reporting conduit debt and clarifies that these obligations are not government liabilities. The adoption had no effect on the Town's beginning net position at October 1, 2022.

Statement No. 94, *Public-Private and Public-Public Partnerships and Availability Payment Arrangements* – This statement addresses issues related to public-private and public-public partnership arrangements (PPPs) and availability payment arrangements (APAs). The adoption had no material effect on the Town's beginning net position at October 1, 2022, and no restatement of net position was made.

Statement No. 96, *Subscription-Based Information Technology Arrangements* – This statement provides guidance on subscription-based information technology arrangements (SBITAs) to further report on government's obligations and assets from SBITAs. The adoption had no material effect on the Town's beginning net position at October 1, 2022, and no restatement of net position was made.

Statement No. 99, *Omnibus 2022* – This statement improves comparability and consistency of application of accounting and financial reporting and also authoritative literature. The adoption had no effect on the Town's beginning net position at October 1, 2022.

The GASB has issued the following statements which will become effective in a future year.

GASB Statement No. 100, *Accounting Changes and Error Corrections*—an amendment of GASB Statement No. 62 – This statement improves the clarity and requirements for accounting changes and error corrections. This statement will be effective for the Town in fiscal year 2024. The Town will evaluate the potential impact on the Town's net position.

GASB Statement No. 101, *Compensated Absences* – This statement addresses the recognition and measurement of compensated absences. This statement will be effective for the Town in fiscal year 2025. The Town will evaluate the potential impact on the Town's net position.

GASB Statement No. 102, *Certain Risk Disclosures* – This statement provides users with information regarding concentrations or constraints and events that have occurred or will occur that make the entity vulnerable to substantial impact. This statement will be effective for the Town in fiscal year 2025. The Town will evaluate the potential impact on the Town's net position.

**Notes to Schedule:**

Valuation Date:

Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later.

Methods and Assumption Used to Determine Contribution Rate for 2023:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	23 Years (longest amortization ladder)
Asset Valuation Method	10 year smoothed market; 12% soft corridor
Inflation	2.5%
Salary Increases	3.5% to 11.5% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2019 valuation pursuant to an experience study of the period 2014 - 2018
Mortality	Post-retirement: 2019 Municipal Retirees of Texas mortality tables. The rates are projected on a fully generational basis with scale UMP. Pre-retirement: PUB(10) mortality tables, with the Public Safety table used for males and the General Employee table used for females. The rates are projected on a fully generational basis with scale UMP.

Other Information:

Notes  
Adopted 30% repeating COLA.  
Removed statutory max.

## NON-MAJOR GOVERNMENTAL FUNDS

The **Municipal Court Fund** accounts for the Town's court building security and technology fees that are generated from court citation fines. According to state law, the revenue generated from these fees may only be spent on the municipal court.

The **Public Safety Fund** accounts for awards of monies or property by the courts relating to cases that involve the Addison Police Department.

The **Grant Fund** fund accounts for grant monies that are received prior to the related expenditure, and therefore, the fund may carry a balance from year to year if the Town does not expend the monies within the fiscal year. The fund also accounts for expenditures for which the Town expects to be reimbursed.

The **Economic Development Fund** accumulates resources to support efforts that attract commercial enterprises to Addison and encourage existing businesses to remain in Addison.

The **PEG Fees Fund** accounts for state restricted fees collected and the expenditures using these monies.

## PROPRIETARY FUNDS

### Internal Service Funds:

Internal Service funds are used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the government and to other government units on a cost reimbursement basis.

The **Capital Replacement Fund** is used to account for financial resources set aside annually to replace equipment as its useful life is consumed.

The **Information Technology Replacement Fund** is used to account for financial resources set aside annually to replace technology as its useful life is consumed.

The **Facility Maintenance Fund** is used to account for financial resources set aside annually to repair and improve Town facilities as their useful lives are consumed.

**Town of Addison, Texas**  
**Proprietary Funds - Internal Service Funds**

## STATISTICAL SECTION

### (Unaudited)

The Statistical Section presents detailed information to assist in understanding the information in the financial statements, note disclosures, and required supplementary information. It includes five categories of information:

**Financial Trends (tables 1-6)** – contain trend information to help the reader understand how the government’s financial position has changed over time.

**Revenue Capacity (tables 7-10)** – contain information to help the reader assess the government’s ability to generate its own revenues.

**Debt Capacity (tables 11-15)** – present information to help the reader assess the affordability of the government’s current levels of outstanding debt and the government’s ability to issue additional debt in the future.

**Demographic and Economic Information (tables 16-18)** – offer demographic and economic indicators to help the reader understand the socioeconomic environment within which the government’s financial activities take place.

**Operating Information (tables 19-21)** – contain employee and capital asset data to help the reader understand how the information in the government’s financial report relates to the services the government provides and the activities it performs.

**SOURCE:** Dallas County Tax Office

Notes:

- (1) The Town's operating tax rate may be increased only by a majority vote of the City Council up to the limit prescribed by State law, after which the Town's residents may petition for a vote. Rates for debt service are set based on each year's requirements.
- (2) Overlapping rates are those of local and county governments that apply to property owners within the Town of Addison. The Carrollton/Farmers Branch ISD tax rate is excluded from the total Ad Valorem rate because most of the property owners in Addison are within the Dallas ISD geographic boundaries.

**DIRECT AND OVERLAPPING DEBT**  
Year Ended September 30, 2023

Taxing Jurisdiction	Debt	Percent Applicable <sup>1</sup>	Estimated Share of Overlapping Debt
Carrollton-Farmers Branch ISD	\$ 336,185,000	1.56%	\$ 5,244,486
Dallas County	236,605,000	1.49%	3,525,415
Dallas County Community College District	436,680,000	1.49%	6,506,532
Dallas County Hospital District	556,450,741	1.49%	8,291,116
Dallas ISD	3,467,730,000	2.95%	102,298,035
Total Overlapping Debt			125,865,584
Town of Addison (Direct Debt)	\$ 117,417,454 <sup>(2)</sup>	100%	117,417,454
Total Direct and Overlapping Debt			\$ 243,283,038
Ratio of Overlapping Debt to 2022 Taxable Assessed Valuation			4.36%
Per Capita Overlapping Debt			\$ 13,729

**SOURCE:** Municipal Advisory Council of Texas  
See Table 8 for taxable values and Table 16 for population data.

Notes:

- (1) The percentage of overlapping debt is estimated using taxable assessed property values. Applicable percentages were estimated by determining the assessed valuation of taxable property within both the overlapping taxing body and the Town's boundaries and dividing that shared value by the total taxable assessed value within the overlapping taxing body.
- (2) Total debt shown for the Town of Addison excludes self-supporting debt and amount available for repayment in the Debt Service funds. It includes all bonded debt that is secured by ad valorem taxes, as well as leases and subscriptions.

**SCHEDULE OF REVENUE BOND COVERAGE**  
**UTILITY FUND**  
Last Ten Fiscal Years

Fiscal Year	Net Revenue Available for Debt Service			Debt Service Requirements <sup>2</sup>			Revenue Bond Coverage <sup>3</sup>
	Gross Revenue	Expense <sup>1</sup>	Net Revenue	Principal	Interest	Total	
2014	9,894,247	8,449,185	1,445,062	-	-	-	N/A
2015	10,241,191	9,017,932	1,223,259	-	-	-	N/A
2016	10,688,878	9,116,360	1,572,518	-	-	-	N/A
2017	11,087,788	8,988,724	2,099,064	-	-	-	N/A
2018	12,211,566	11,121,149	1,090,417	-	-	-	N/A
2019	11,939,132	10,729,825	1,209,307	-	-	-	N/A
2020	12,906,145	10,637,638	2,268,507	-	-	-	N/A
2021	13,365,766	11,487,878	1,877,888	-	-	-	N/A
2022	15,632,451	12,638,529	2,993,922	-	-	-	N/A
2023	16,368,412	14,936,764	1,431,648	-	-	-	N/A

Notes:

- (1) Includes "operating expenses excluding depreciation" and "non-operating expenses excluding interest expense".
- (2) Includes principal and interest of revenue bonds only. It does not include the general obligation bonds or combination tax and revenue certificates of obligation reported in the enterprise fund.
- (3) Revenue bond coverage is equal to net revenue available for debt service divided by total principal and interest. Revenue bonds were retired in fiscal year 2002. Current year debt associated with the Town's Utility (Water and Sewer) Fund is limited to general obligation bonds and combination tax and revenue certificates of obligation. This debt is secured by the Town's property taxes but is supported by Utility Fund net revenues.

**SCHEDULE OF COMBINATION TAX AND REVENUE CERTIFICATES OF OBLIGATION COVERAGE  
HOTEL FUND  
Last Ten Fiscal Years**

Fiscal Year	Net Revenue Available for Debt Service			Debt Service Requirements			Bond Coverage <sup>2</sup>
	Gross Revenue	Expenditure <sup>1</sup>	Net Revenue	Principal	Interest	Total	
2014	7,181,306	1,063,116	6,118,190	625,000	86,650	711,650	8.6
2015	7,512,047	959,140	6,552,907	640,000	70,800	710,800	9.2
2016	9,680,180	1,156,760	8,523,420	660,001	52,050	712,051	12.0
2017	9,307,410	1,211,193	8,096,217	680,000	31,200	711,200	11.4
2018	7,889,706	1,027,977	6,861,729	700,000	10,500	710,500	9.7
2019	7,354,784	956,507	6,398,277	-	-	-	N/A
2020	3,707,143	796,479	2,910,664	-	-	-	N/A
2021	4,579,562	242,198	4,337,364	-	-	-	N/A
2022	7,449,829	229,056	7,220,773	-	-	-	N/A
2023	7,093,743	195,446	6,898,297	-	-	-	N/A

Notes:

(1) Combination Tax and Revenue Certificates of Obligation bond covenants require only Conference Centre expenditures be considered when calculating bond coverage.

(2) Bond coverage is equal to net revenue available for debt service divided by total principal and interest.
